US side, Skagway had a slide at 14 mile late this afternoon. We close from km 24 to 37 when they close their end for safety.

Hello All,

The South Klondike Highway has closed km 24-37 Fraser section.

511, DMS Boards, and EMO have been updated.

I've sent messages to the camp to find out if the closure is for our end or the US side.

Cheers,
