Re: ATIPP Request 21- 488 Final Response – Granted in Part

Decision

The Department of Community Services has searched the unit of Corporate Affairs and has created one record responsive to Access Request 21-488. The final response on the information is as follows:

Access Granted in Part

The Department of Community Services has granted access in part to the information relating to the requested noted below:

A list of all Yukon Registered Societies, including the name of organizations, city of their registered address, territory or province. If available, please include if they are member funded, whether they are class A or B, their purpose/constitution.

The department has created an excel spreadsheet from the YCOR database of all societies names registered with Corporate Affairs. As per our conversation with the applicant, there is no fee associated with searching for information on any society using the free Yukon Corporate Online Registry (YCOR) database on line by the applicant. If the applicant wanted the business unit to find this information and prepare it for them, this would have to be done in person at their front counter and, as per the Society Act, there would be a fee charged.
