Re: ATIPP Request 22-441 Final Response – **Access Granted in Full**

Decision

The Yukon Hospital Corporation has identified records responsive to Access Request 22-441. The final response on the information is as follows:

Access Granted in Full

The Yukon Hospital Corporation has granted full access to the information relating to the request noted below:

Please provide the most recent data on the number of patients in the province (or best estimate) who are: – Currently on a waiting list or waiting to be placed on a waiting list for surgery or a procedure – Currently on a waiting list or waiting to be placed on a waiting list for a diagnostic scan – Currently on a waiting list or waiting to be placed on a waiting list for an appointment with a specialist Please be sure to note the date the data was compiled. Timeframe: December 1, 2023 (ONE DAY)

ADDITIONAL INFORMATION:

Question from Dept: Some departments (i.e. surgeries), cannot pull a single days data. They pull numbers on a weekly basis. Is it agreeable to include a weeks' worth of waiting list if it includes the December 1st numbers? So data pulled on December 4th?

Response from App: Yes, it is agreeable. Thank you for the clarification!

One report compiled with information from the following departments: Visiting Specialist Clinic, Medical Imaging, and Surgical Services.

Please note, a patient may be on multiple waitlists, so the number does not reflect per patient, rather it is numbers on each waitlist.

There will be no charge to the applicant.

Contact Person in Department
