Four Point questions. Should we be responding to any of these? Are they directed at the Board?

Subject: RE: FPEI Yukon Electrical Safety Standards Board Hearing Request 2-10-2025

Mr. Collins,

Thank you for your response.

Please confirm how the Government of Yukon will address depriving FPEI's ability to make a living, imposing on FPEI unwarranted penalty. FPEI will also seek judicial review by the Yukon court for actions of a public official to ensure they comply within the law as required.

I have also noted a member within the Electrical Safety Standards Board and is currently under investigation within Engineers Yukon regarding Carmacks Fire Hall generator design flaw.

Please confirm how this hearing will be impartial and adhere to the guidelines outlined in the Yukon Government's Conflict of Interest Policy.

Regards,

Derek Andrews,
President RSE, FSR-A

Subject: RE: FPEI Yukon Electrical Safety Standards Board Hearing Request 2-10-2025

Good afternoon,

There is nothing in legislation that allows for conditional or interim licenses to be issued to Electrical Contractors. The status of your Yukon Electrical Contractor's Licence will remain non-renewed until the date of the appeal hearing. After the hearing, the Electrical Safety Standards Board may choose to take different actions as available to them under legislation.

Regards,

Logan Collins
Chief Electrical Inspector

Subject: RE: FPEI Yukon Electrical Safety Standards Board Hearing Request 2-10-2025

Ms. Widdis,

I believe it would benefit the Electrical Safety Standards Board to have all information requested within ATIPP #24-260 and #24-261 to ensure complete transparency in the matter.

Please schedule for May to allow time for the records requested under ATIPP to be released.

FPEI are requesting our contractors license be reinstated in the interim based on overall delays within ATIPP.

Regards,

Derek Andrews,
President RSE, FSR-A

Subject: FW: FPEI Yukon Electrical Safety Standards Board Hearing Request 2-10-2025

Good morning Derek,

Unfortunately, the Electrical Safety Standards Board is unavailable in April.
The hearing can be scheduled for March or delayed until May to allow time for the records requested under ATIPP to be released.

Please let me know which you would prefer, and I will promptly advise the board.

Kind regards,

Ms. Widdis,

The correct email is dandrews@fourpointelectric.ca as I hold the FSRA license within FPEI.
This is the same email Mr. Collins had sent the notice on 01/03/2025 as attached.

Please ensure to not email administration staff in the future to mitigate delays. IT security has cleared your email address for future communications moving forward.

Hi Derek,

Thank you for your email.

To clarify, the Electrical Safety Standards Board is requesting to know your availability for a hearing between **March 3rd and March 14th**.
The hearing is expected to be **scheduled for one day running 9:00AM – 12:00PM**.
As there is no hearing currently scheduled, I do not have the additional materials that you have requested.

I've noted your request to wait until the week of April 7th for a hearing to accommodate the receipt of the below mentioned ATIPP requests.
I will advise the board of this request.

I have noted on your appeal file that this is the correct contact for email correspondence. Please provide the correct mailing address for our files at your earliest convenience for the boards record.

Kind regards,

Kimberly Widdis

Subject: FPEI Yukon Electrical Safety Standards Board Hearing Request 2-10-2025

Ms. Widdis,

This is formal confirmation of receipt of the hearing request emailed to FPEI general email on 02-03-2025. The email was addressed to myself, but was sent to our general administration email. Subsequently this was in turn grey listed by IT security and cleared and released today on 02-10-2025.

Please provide clarification as follows:

1. Intent is a 2-week hearing
2. Documentation requirements
3. Hearing agenda
4. In-person or a MS Teams hearing. I am not a resident of the Yukon and would prefer an MS Teams hearing for financial and family reasons

Yukon Electrical Safety Standards Board hearing for Four Point Electric Inc on March 3rd and 10th, 2025 is in direct conflict with supporting documents requested within ATIPPA.

1. ATIPP Carmacks Arena Ventilation #24-260 should be released on March 20th, 2025 pending any missing or redacted information requested disclosure
2. ATIPP Carmacks Fire Hall Generator #24-261 should be released on March 17th, 2025 pending any missing or redacted information requested disclosure

FPEI are requesting 2 weeks from the date of receipt of requested supporting complete documents received to prepare for the hearing properly.

FPEI are requesting the hearing be rescheduled to week of April 7th, 2025 to ensure FPEI have all supporting documents processed.

FPEI are requesting our contractors license be reinstated in the interim based on overall delays within ATIPP.

Subject: Electrical Safety Standards Board hearing

Good afternoon Derek,

The Yukon Electrical Safety Standards Board would like to set a hearing date for the current appeal filed by Four Point Electric Inc to the decision of Chief Electrical Inspector, Logan Collins.

Please provide your availability for a **hearing the week of March 3rd and the week of March 10th at your earliest convenience.**

The hearing will be booked 9am – 12pm on a date that is mutually available to parties.

Thank you,

Kimberly Widdis
