Final Response ATIPP Access Request 25-110

Decision

The Department of Environment has searched the Conservation Officer Services Branch and has identified records responsive to Access Request 25-110. The final response on the information is as follows:

Access Granted in Part

The Department of Environment has granted access in part to information relating to the request noted below:

I am requesting access to the following records:

A complete list of all Registered Trapping Concessions (RTCs) issued in the Yukon Territory, including:

- Concession number or identifier.
- Name(s) of individual(s) or entity/entities to whom each concession is registered with contact information.
- Status (active/inactive/suspended, or other).
- Date of issuance and duration.

I am requesting this information in electronic format (Excel or PDF is preferred). If portions of this request are subject to redaction due to privacy exemptions, I ask that the remaining non-exempt information still be released.

Please let me know if there are any fees associated with fulfilling this request, and if any clarification is needed.

ADDITIONAL INFORMATION:

Public Body: The wording of the request suggests you are looking for the current status of registered trapping concessions, and not historical records detailing previous concession holders. Is this correct? Would it be acceptable to set a timeline for your request to a complete list of all Registered Trapping Concessions (RTCs) issued in the Yukon Territory as of May 25, 2025?

Similar to the hunting season access request from earlier this year, the program area may be able to provide this information to you directly without you needing to go through the ATIPP process. I will confirm this with the program area, but if they propose that option, is it something you would be interested in?

If you do, there may be a request to remove contact information from your list. Some of the contact information for concession holders would be considered business contact information, able to be disclosed, but some may be personal contact information, requiring disclosure under the ATIPP Act, depending on the concession holder.

Please feel free to follow up with any questions or concerns you have.

Applicant: Yes a current list of concession holders is what I'm looking for so the wording you have provided in bold would be perfect.

Names and contact information are an important part of the request so im happy to proceed with the Atipp office if that means the available information would be included.

Final Costs

There is no charge to the applicant.
