RE: Final Response Access Request #22-127

Decision

The Department of Environment has searched Assistant Deputy Ministers' Office, Deputy Minister's Office and Fish and Wildlife branch and has identified records responsive to Access Request #22-127. The final response on the information is as follows:

Access Granted in Full

The Department of Environment is granting access to information relating to the request noted below:

For all big game animals (moose, caribou, bison, deer, sheep, goat, elk, wolf, black bear, grizzly bear) taken in Yukon: 1) the number taken by residents by game management subzone; 2) the number taken by non-resident by game management subzone; 3) the numbers of seals sold for resident hunters by species; 4) the numbers of seals sold for non-resident hunters by species; 5) the quota for each outfitting concession for each species of big game huntable in the Yukon. April 1, 2012 - April 4, 2022

Additional Information:

1. Reduce the scope to include information for Game Management Zones 4 and 11 only.
2. Instead of all big game animals, change to include only moose, caribou, sheep and grizzly bear.
3. Shorten the timeframe to include only the 2015 through 2021 seasons.
 - Given the difficulty that has been implied in gathering outfitter quota information, I am willing to completely eliminate bullet point 5.
