Final Response ATIPP Access Request 23-242

The Department of Education has searched Technology and Student Information and has no records responsive to Access Request 23-242 noted below:

I am requesting all records related to any and all Privacy Impact Assessments addressing the use of social media or any internet platforms that collect, use or disclose student personal information, including photos. Timeframe: January 1, 2023 - August 30, 2023

NARROWED SCOPE:

Narrowing from App: Can I please narrow the search parameters to: A copy of the completed PIA and any records indicating the superintendent approved the website.

Response from Dept: The Department of Education has advised that the PIA is currently under development, and they cannot give an estimate of the timeframe for completion. As well that there was no superintendent approval of the website. Based on your narrowed scope and their response, it would result in no records being found.

Response from App: I'd like to proceed with the narrowed scope, as I'd like to receive a written and signed response from the department of Education that the superintendent has not approved the website.
