Re: ATIPP Request 23-266 Final Response – Granted in Full

Decision

The Department of Community Services has searched the Employment Standards & Residential Tenancies unit and has created a spreadsheet responsive to Access Request 23-266. The final response on the information is as follows:

Access Granted in Full

The Department of Community Services has granted access in full to the spreadsheet information relating to the requested noted below:

We are now working on a project to build a website with interactive maps and figures showing Evictions data within Canada. Therefore, we would like to have an access to the following information related to evictions filing since Jan, 1st 2017 to current date as per the freedom of information act; 1. Evictions filing date; the date that an eviction request is filed/received by the office 2. Disposition date; the date the case was closed regardless of the outcome whether dismissed, discontinued, mediated, or issued an order 3. The rented property address; if full address cannot be provided, the postal code will suffice 4. Reasons for filing (non-payment of rent or other reasons)

Amendment: that we would want the evictions data as you have it, the dispute filing by tenants. And the reason for filing can just be the reason that the tenant filed.

Final Costs

There is no cost for this request. Initially there was an approved AIS from the applicant but after discussions, the unit created a spreadsheet that was much less time.
