**RE: Final Response Access Request No. 21-471**

---

**Decision**

The Department of Environment has searched the Fish and Wildlife Branch and has identified records responsive to Access Request No.21-471. The final response on the information is as follows:

**Access Granted in Full**

The Department of Environment has granted access in full to the information relating to the request noted below:

*"All Yukon biological submission (kill data) data for sheep, all fields except landmarks and comments. I am requesting the data in a digital Excel file format. Fields will include but not be limited to: - Kill date - Resident or non-resident harvest - Game Management Zone - Game Management Subzone - Kill method (whether or not it was killed or found in the field) - Sheep age - Sheep sex - Total horn length - Horn base circumference - Tip spread - Which horn was measured - Body color - All inter-annuli distances - All annuli circumferences - If the horn was broomed or not. Data from January 1, 1980 to present (December 31, 2021)."*

**Data Disclaimer**

All data can be subject to human mistakes, like a typo or wrong information provided by a person or inputting details in the wrong field.

The data provided from 1995 until present should be considered accurate with the above exception. The data up until August 1, 1995, could be considered inaccurate subject to ones' interpretation of the data. Data that is considered inaccurate provides very little value and will limit one from making decisions and gathering information when it's based on incomplete and/or inaccurate data sets.

If you would like more information about the accuracy of our data, please reach out to the Department.

There will be no charge to the applicant.
