RE: **ATIPP #22-072 – FINAL RESPONSE – NO RECORDS**

The Department of Economic Development has completed its review of ATIPP Request 22-072 after conducting a thorough search of the program areas for records responsive to this request and determined that the department has no records related to the following request:

This request is seeking information about the delayed release of developed (i.e. ready for market) residential lots within the City of Whitehorse. While an explanation for the delay from Fall 2021 until an unknown date in 2022 is being sought, there is a specific interest in anything that does, or may be perceived to, indicate that individuals or entities who could earn financial gains from limits to the supply of lots or housing, and/or advantages as a result of a later release date of those lots, have had any influence over decision-making. These individuals or entities may include, for example: - commercial builders/developers, - construction associations, - realtors, - real-estate investors, or - others. Records sought include, but are not limited to, email correspondence, meeting minutes, notes to file about conversations or telephone calls, and other documents containing information about planning, recommendations, or decision-making around the timing of lot lottery.

Timeframe: January 1, 2020 - February 15, 2022

There is no cost to the applicant.
