VOTE 52
DEPARTMENT OF ENVIRONMENT

MINISTER

Hon. E. Taylor

DEPUTY MINISTER

K. Leary

DEPARTMENTAL OBJECTIVE

- To ensure that the natural resources and the environment of the Yukon are managed and used in accordance with government policy by:
 - maintaining and enhancing the quality of the Yukon's environment for present and future generations through ecosystem-based management, conservation of resources and protection and maintenance of biodiversity;
 - ensuring that all legislative and regulatory initiatives intended to safeguard Yukon's environment and natural resources remain relevant through the ongoing delivery of effective education, monitoring and enforcement programs;
 - renewing the Yukon government's vision to maintain and enhance the Yukon's natural environment for present and future generations;
 - ensuring that Yukon people have the opportunity to be involved in the development and review of departmental programs, policies, legislation and regulations through open and meaningful communication and participatory processes;
 - managing natural resources in a manner that promotes integration with other sectors including economic development, so that optimum benefits can be derived for all Yukon people;
 - participating in national and international measures designed to enhance environmental quality and encourage sustainable use of natural resources;
 - integrating, implementing and managing authorities and responsibilities in water resource and environmental management; and
 - undertaking resource management activities that meet the Government of Yukon's obligations and respect the rights of aboriginal people and relationships established through land claims and self-government agreements.

CORPORATE SERVICES

PROGRAM OBJECTIVES

- To assist the department in managing its financial, human and information resources in an efficient, effective and economical manner by providing administrative support services to departmental personnel.
- To assist the department to ensure its assets are acquired and maintained in a manner that adequately fulfils operational requirements.
- To support the effective use, availability and integration of data and information through the appropriate use of technology to meet departmental and client needs.
- To develop or amend environmental legislation, regulations or policy to ensure sound natural resource conservation and management while recognizing the dynamic nature of ecosystems, society and the economy.
- To coordinate strategic environmental and resource management initiatives.
- To coordinate the department's land claims activities including:
 - coordinate and fulfil the Government of Yukon's obligations under the terms of the Inuvialuit Final Agreement;
 - coordinate and represent departmental interests to support the negotiation of First Nation final agreements, implementation plans and transboundary claims; and
 - oversee and coordinate the department's implementation activities to fulfil obligations of First Nation final agreements, self-government agreements and transboundary claims.
- To coordinate the Government of Yukon's activities on climate change at both the regional and national level and to lead the development of climate change policy, strategies, and action plans to achieve Yukon government commitments in the areas of monitoring and research; impacts and adaptation and green house gas emission reduction practices.

ENVIRONMENT

ENVIRONMENTAL SUSTAINABILITY

PROGRAM OBJECTIVES

- To manage and protect the Yukon's natural environment.
- To provide sustainable fish and wildlife harvesting and viewing opportunities for cultural, recreational and economic purposes.
- To promote and enhance participation in land-based activities (hunting, fishing, trapping) to sustain a unique Yukon lifestyle.
- To contribute to the effective implementation of agreements and political accords by working cooperatively with other governments and various governance bodies.
- To plan, establish and manage a system of wilderness preserves, natural environment parks and ecological reserves, Canadian Heritage Rivers, campgrounds and recreation sites; and to provide information/interpretative/regulatory services for Yukon residents and visitors.
- To provide regional delivery of departmental services in the areas of licensing, wildlife-human conflict, education, enforcement and various other departmental programs.
- To develop and implement management programs to maintain biological diversity and to ensure the conservation and sustainable use of fish, wildlife, habitat and water resources.
- To manage and protect Yukon's air, land and water resources through the assessment and mitigation of the effects of resource projects; education; monitoring and inspections; and the development and implementation of regulations and pollution prevention programs.
- To contribute to public safety and the protection of property.
- To coordinate, support and participate in research activities and contribute to territorial, national and international research projects.
- To develop and provide public information that enhances awareness, understanding of, and adherence to the laws pertaining to natural resources and the environment.
- To manage the resources of the natural environment in a balanced and sustainable way.
- To coordinate and provide for the investigation, assessment and remediation of contaminated sites on land administered by the Yukon government.
- To provide reasonable estimates of the Yukon government's environmental liabilities.
- To protect human health, wildlife and domestic animals through interdepartmental coordination and integration of the animal health and welfare program.
