FOR RELEASE #11-048  
 April 8, 2011

### Education Week celebrations taking place across Yukon

WHITEHORSE—The importance of lifelong learning and its ability to enrich our lives will be highlighted as the territory celebrates Education Week from April 11 to 15.

"This is an excellent opportunity for Yukoners to gather in each community to explore learning and find out more about the educational opportunities available to them, all while having fun," Education Minister Patrick Rouble said. "This year's theme is *Enriching Lives Through Learning*, which underscores just how much an impact education has on our lives."

The annual week-long event serves to raise awareness about the importance of education as well as the educational opportunities available to Yukoners. It features events across the territory hosted by organizations with an interest in education including schools, Yukon College, First Nations and non-governmental organizations.

Over the course of the week there will be over 30 events including a Na-Cho Nyäk Dun-sponsored traditional lunch in Mayo, Ukrainian egg decorating workshops in Watson Lake, a week-long community trivia challenge in Carcross and a beading, drumming and singing workshop in Whitehorse.

The Department of Education will once again host an open house featuring schematic design drawings of the new F.H. Collins Secondary School, LEGO® physics lessons, web conferencing demonstrations and displays and information from numerous community partners.

For more information and a full list of Education Week activities, visit [www.education.gov.yk.ca/education\\_week.html](http://www.education.gov.yk.ca/education_week.html) or check today's newspapers.

### Backgrounder: Education Week Calendar of Events

#### Brown Bag Lunch Seminars

Monday, April 11 to Friday, April 15: 12:15 to 12:45 p.m. Room 1, Department of Education Building, 1000 Lewes Blvd.

Join us at the Department of Education for short, informative seminars that cover a wide variety of topics over lunch hour.

#### Monday: Ed Schultz – First Nations Final and Self-Government Agreements

Learn about Yukon First Nation Final and Self-Government Agreements. This information session describes the content and implications of the agreements as they relate to public education. Learn how Yukon First Nations are making the extraordinary transition from self-rule, colonial rule, Indian Act control and self-government in our modern age.

#### **Tuesday: Penny Prysuk – Pyramid of Intervention**

The Pyramid of Intervention is a systematic approach to providing high quality, evidence-based assessment and instruction and appropriate interventions that respond to students' individual needs. The approach can be used to address both academic and behavioural needs. The nature of interventions and intensity may be decided by teachers individually or in collaboration with school-based teams, always on the basis of evidence that is derived from monitoring student achievement.

#### **Wednesday: Shawn Kitchen – Labour Market Framework**

An overview of the Labour Market Framework for Yukon: where we have come from; where we are now; where we are going.

#### **Thursday: Paula Thompson – Moose Mathematics**

There are 'moose-maticians' on the loose! Come out and make the 'moose' out of your lunch hour! Play some moose math games that will include some or all of the following:

MOOSE (a.k.a. Skunk), Moose Farkel, Moose Track Math Bingo, Six Moose (a.k.a. Double Dozen) and Moose Nim. This talk is appropriate for Grade 1 – 11 educators and parents of children in these grades. Put this talk on your 'moose do' list. Participants will leave as moosified moose-maticians with the games that we play in hand.

#### **Friday: Deputy Minister Pamela Hine – Yukon Education: Our Commitment to New Horizons.**

Hear firsthand how Yukon compares with education reform in other countries. Pam Hine will give an overview of the key findings from the Education World Forum that was held in London, United Kingdom, in January 2011.
