YUKON HOUSING CORPORATION FINANCIAL STATEMENTS

March 31, 2015

This page intentionally left blank.

Yukon Housing Corporation Management's Responsibility for Financial Reporting

The financial statements contained in this annual report have been prepared by management in accordance with Canadian public sector accounting standards. The integrity and objectivity of the data in these financial statements are management's responsibility.

In support of its responsibility, management has developed and maintains books of account, records, financial and management controls, information systems and management practices. These are designed to provide reasonable assurance as to the reliability of financial information; that assets are safeguarded and controlled; and that transactions are in accordance with the *Financial Administration Act* as well as the *Housing Corporation Act* and the by-laws of the Corporation.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The Board exercises its responsibility through the Financial and Risk Management Committee, which meets on a periodic basis with management and the independent external auditor to review the manner in which these groups are performing their responsibilities, and to discuss auditing, internal controls, and other relevant financial matters. The Financial and Risk Management Committee reviews the audited financial statements with the external auditor before making recommendations to the Board of Directors for their approval.

The Corporation's external auditor, the Auditor General of Canada, is responsible for auditing the financial statements and issuing his report thereon which is included with the audited financial statements. The Auditor General of Canada provides his report to the Minister responsible for the Yukon Housing Corporation.

INDEPENDENT AUDITOR'S REPORT

To the Minister responsible for Yukon Housing Corporation

Report on the Financial Statements

I have audited the accompanying financial statements of Yukon Housing Corporation, which comprise the statement of financial position as at 31 March 2015, and the statement of operations and accumulated surplus, statement of change in net debt and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Yukon Housing Corporation as at 31 March 2015, and the results of its operations, changes in its net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Report on Other Legal and Regulatory Requirements

As required by the *Housing Corporation Act*, I report that, in my opinion, the accounting principles in Canadian public sector accounting standards have been applied on a basis consistent with that of the preceding year.

Further, in my opinion, proper books of account have been kept by Yukon Housing Corporation and the financial statements are in agreement therewith. In addition, the transactions of Yukon Housing Corporation that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the *Financial Administration Act* of Yukon and regulations, the *Housing Corporation Act* and regulations and the by-laws of Yukon Housing Corporation.

Lana Dar, CPA, CA

Principal

for the Auditor General of Canada

1. Authority and operations

(a) Authority

Yukon Housing Corporation (the Corporation) was established in 1972 by the *Housing Corporation Act* of Yukon to undertake, carry to completion, or assist in the provision, development, maintenance and management of housing. Disbursements for operations and loans are authorized by the Yukon Legislative Assembly through the *Appropriation Acts*. The Corporation is subject to the *Financial Administration Act* of Yukon.

(b) Mission

The mission of the Corporation is to improve the quality of housing in Yukon and help Yukoners resolve their housing needs.

In carrying out its mission, the Corporation provides rental housing at below market rents to applicants who qualify for social housing. Rental income received from housing tenants is less than the associated costs of supplying these rental units. The Corporation also provides loans for the purpose of housing. The Corporation is dependent on the Government of Yukon for funding its operations.

Pursuant to Section 45(1) of the *Housing Corporation Act*, the Commissioner in Executive Council has established Housing Advisory Boards in the communities of Carcross, Carmacks, Dawson City, Faro, Haines Junction, Mayo, Ross River, Teslin, Watson Lake and Whitehorse. Local Housing Advisory Boards are established for the purpose of involving local community members in the decision making process regarding housing in their community. They provide advisory, regulatory and adjudicative services to the Corporation.

(c) Main estimates

The Main Estimates comparative figures are from the Main Estimates approved in the Yukon Legislative Assembly in 2014. These figures do not reflect changes arising from the Supplementary Estimates approved later in the year by the Yukon Legislative Assembly.

2. Significant accounting policies

These financial statements have been prepared in accordance with Canadian public sector accounting standards. Significant accounting policies are as follows:

(a) Reporting entity

The Corporation's financial results include the transactions of the Housing Advisory Boards.

(b) Funding and advances from the Government of Yukon

A funding agreement between the Corporation and the Government of Yukon authorizes the Government of Yukon to provide the Corporation with an annual operations and maintenance transfer payment and a capital transfer payment. The transfer payments are equal to the Corporation's actual net operating deficit and net capital expenditures calculated in accordance with the funding agreement and reported to the Government of Yukon in the Corporation's final Period 12 Variance Report. The transfer payments are recognized in accordance with the Corporation's policy for the recognition of government transfers (Note 2(j)). Advances provided by the Government of Yukon in excess of the transfer payments are recorded as a liability of the Corporation (Note 10).

The free rental of a social housing building provided by the Government of Yukon to the Corporation is recorded as rental assistance in-kind revenue and offsetting building services in-kind expenses (Note 14 (b)).

(c) Cash and cash equivalents

Cash includes cash on hand, bank balances and bank indebtedness repayable on demand.

(d) Housing inventory

The Corporation recognizes a house for sale as inventory when all of the following criteria are met prior to the date of the financial statements: sale of the asset is approved; the asset is in a condition to be sold; the asset is publicly seen to be for sale; there is an active market for the asset; there is a plan in place for selling the asset; and it is reasonably anticipated that the sale to the third party will be completed within one year. The asset held for sale is measured at the lower of its carrying amount or fair value less cost to sell.

(e) Loans receivable

Mortgages receivable are fully secured and recorded at cost less any amount for valuation allowances.

Based on historical loss experience, management establishes a valuation allowance for impaired loans. Mortgages are classified as impaired when the Corporation no longer has reasonable assurance of timely collection of the full amount of principal and interest due. The valuation allowance adjusts a mortgage's carrying value to its net recoverable value.

Under the Social Housing Agreement signed with Canada Mortgage and Housing Corporation (CMHC) in 1998, the Corporation may be required to subsidize a debtor's repayment of a Rural and Native Housing Home Ownership Program mortgage. These subsidies vary in amount depending on the income of the recipients and are expensed when incurred. CMHC funding provided to the Corporation includes an amount for subsidies.

Under the Home Repair Program, the Corporation may subsidize a debtor's repayment. These subsidies, reviewed annually, are based on the debtor's ability to pay. Each year, the Corporation records an allowance for Home Repair Program subsidies based on loans receiving a subsidy at year end.

Loans with significant concessionary terms are reviewed annually. Each year the Corporation records an allowance based on the present value of the loans at the average borrowing rate.

Loans receivable from lots sold to purchasers for residential, commercial and recreational purposes under land sales agreements, are recorded at the lower of cost or net recoverable value.

(f) Tangible capital assets

Tangible capital assets are valued at cost, net of accumulated amortization. Interest on loans during construction of capital assets is capitalized. Assets under construction are not amortized until available for use.

Amortization is calculated using the straight-line method, over the estimated useful lives of assets.

Social housing projects	40 years
Social housing betterment	15 years
Staff housing projects and other facilities:	•
Standard construction	40 years
Mobile home units	20 years
Office building	40 years
Other facilities	15 years
Furnishings and equipment	5 to 15 years
Vehicles	6 years
Computer systems	3 years
Leasehold improvements	remaining lease term

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide services. The write-downs are accounted for as expenses in the Statement of Operations and Accumulated Surplus.

(g) Environmental liabilities

The Corporation recognizes a provision for environmental cleanup when all of the following conditions are prevalent: an environmental standard exists; the level of contamination has been determined to exceed the environmental standard; the Corporation is directly responsible or accepts responsibility; it is expected that future economic benefits will be given up; and a reasonable estimate of the amount can be made at that time. A liability is recognized net of expected recoveries and the costs associated with the clean-up are expensed during the year when the Corporation is obligated to incur such costs.

(h) Post-employment benefits

Post-employment benefits are expected to be provided to employees of the Corporation after employment but before retirement. These benefits include severance benefits and accumulated sick and vacation leave benefits that are paid in cash when employment is terminated. The Corporation recognizes the obligation for these benefits as a liability and uses an actuary to estimate the amount of the obligation. Expenses related to post-employment benefits are recognized in the period in which the employee's service is rendered and the benefit is earned. The accrued benefit liability for these benefits is calculated as the accrued benefit obligation adjusted by unamortized actuarial gains or losses. Net actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the active employees commencing with the period following the determination of the net actuarial gains or losses.

(i) Retirement benefits

All eligible employees participate in the Public Service Pension Plan administered by the Government of Canada. The Corporation's contribution to the Plan reflects the full cost as employer. This amount is currently based on a multiple of the employees' required contributions, and may change over time depending on the experience of the Plan. The Corporation's contributions are expensed during the year in which the services are rendered and represent the total pension obligation of the Corporation. The Corporation is not currently required to make contributions with respect to any actuarial deficiencies of the Public Service Pension Plan.

(i) Revenue recognition

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized as the stipulation liabilities are settled.

Interest income on mortgages is recognized using the effective interest method. When a mortgage becomes impaired, recognition of interest ceases; thereafter, interest income for impaired loans is recognized on a cash basis.

Rental income is recorded on an accrual basis.

(k) Expenses

Expenses are recorded on an accrual basis. Transfer payments are recorded as expenses when authorized and recipients have met eligibility criteria.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and contingencies. By their nature, these estimates are subject to measurement uncertainty. As adjustments to these estimates become necessary, they are recorded in the financial statements in the year they become known. The effect on the financial statements of changes to such estimates and assumptions in future periods could be significant; although, at the time of preparation of these statements, the Corporation believes the estimates and assumptions to be reasonable.

(I) Measurement uncertainty (continued)

Management estimates include: valuation of loans receivable, valuation of Home Repair Program subsidies, valuation of loans receivable with concessionary terms, valuation of accounts receivable, determination of amortization, valuation of post-employment benefits, estimation of contingencies and environmental liabilities.

The estimation of the environmental liabilities is subject to a high degree of measurement uncertainty because the existence and extent of contamination, the responsibility for clean-up and the timing and cost of remediation cannot be reliably estimated in all circumstances. The degree of measurement uncertainty resulting from the estimation of the environmental liabilities cannot be reasonably determined.

(m) New accounting standards issued not yet effective

PSAB has issued the following new standards which must be adopted by the Corporation in fiscal 2017: *PS 1201 - Financial statement presentation*, *PS 2601 - Foreign currency translation*, and *PS 3450 - Financial instruments*. The Corporation expects the adoption of these standards will require additional note disclosure but will not have a significant impact on the financial statements.

(n) Adopted accounting standard

As of April 1, 2014 the Corporation has adopted the Public Sector Accounting Board (PSAB) standard *PS 3260 – Liability for contaminated sites*. This new standard provides the requirements governing recognition, measurement and disclosure of liabilities related to the remediation of contaminated sites. The impacts of adopting the standard were the need to define the recognition criteria in establishing a liability for contaminated sites and to define the disclosure requirements in the financial statements. There was no significant impact of adopting this standard in the financial statements as the Corporation was already recognizing a liability for contaminated sites in the Statement of Financial Position and the criteria used for the recognition of this liability were similar to those stipulated in the new standard. This new standard has been adopted prospectively.

3. Cash and cash equivalents

		 2015		2014
Mortgages receivable		 3.01%		2.82%
Land sales agreements receivable		5.00%		5.00%

6. Environmental liability

In fall 2010, it was confirmed that approximately 20,000 litres of fuel oil spilled under two Yukon Housing Corporation properties in Dawson City. The remediation plan and projected future costs were prepared by independent consultants, and the remediation procedures started in the summer of 2011. To facilitate remediation the apartment building was demolished and removed. In fall 2012, it was determined that the residence adjacent to the apartment building would need to be removed to complete remediation of the site. Projected future expenditures over the next 5 fiscal years total \$400,000 (2014 - \$356,000 over 4 fiscal years).

Projected future expenditures for site monitoring of \$110,000 for ongoing ground water and soils monitoring for remediated oil spill sites in Old Crow, Ross River and Watson Lake.

Projected future expenditures of \$237,000 for soil remediation for oil spill sites in Dawson, Faro and Mayo.

Changes in the environmental liability are as follows:

	2015		2	2014	
	(t	of dol	of dollars)		
Balance at beginning of year	\$	546	\$	610	
Actual expenditures in current year relating to fuel oil spills		(456)		(64)	
Revision of estimated remediation cost of existing sites		295		(60)	
New sites assessed during fiscal year		362		60	
Balance at end of year	\$	747	\$	546	

Subsequent to year end in August, a split fuel line occurred under a house in Dawson City. The potential leak is up to 800 litres of fuel. The projected future costs associated with this spill is estimated at \$300,000. Management plans to begin remediation in 2016.

At March 31, 2015, the Corporation owed the Government of Yukon a Land Sales Agreements principal payment of \$1,543,000 (2014 - \$1,706,000) for principal amounts collected during the year. The amount was subsequently paid to the Government of Yukon in April and May 2015.

8. Post-employment benefits

The Corporation provides post-employment benefits to its employees based on years of service and salary. These benefits consist of severance benefits and unused sick and vacation leave.

The actuarial obligation for sick and vacation leave and severance benefits is calculated using the projected benefit method prorated on service. Post-employment benefits are not funded and thus have no assets, resulting in a plan deficit equal to the accrued benefit obligation. Benefits will be paid from future appropriations or other sources of revenue.

The results measured at March 31 are summarized as follows:

	2015		:	2014	
	(thousands	of dollars)		
Accrued benefit liability, beginning of year	\$	1,723	\$	2,020	
Add: Current service costs		218		144	
Interest on accrued benefit liability		97		79	
Amortization of net actuarial losses		43		14	
Less: Benefits paid during the year		(229)		(510)	
Other adjustments				(24)	
Accrued benefit liability, end of year	\$	1,852	\$	1,723	
Unamortized net actuarial loss		378		378	
Accrued benefit obligation, end of year	\$	2,230	\$	2,101	
The significant actuarial assumptions were:			·		
		2015		2014	
Discount rate		3.70%	***************************************	4.50%	
Salary escalation rate (per annum)		2.25%		2.25%	
Expected average remaining service life of active employees	1	1.8 years	11	1.8 years	

The most recent actuarial valuation made for these post-employment benefits was as of April 1, 2013 and updated March 31, 2015. The next required valuation would be as of April 1, 2016.

Included in the total accrued benefit obligation at March 31, 2015 are vacation leave of \$594,000 (2014 - \$564,000) and accumulated sick leave of \$437,000 (2014 - \$403,000).

9. Retirement benefits

Substantially all of the employees of the Corporation are covered by the Public Service Pension Plan (the "Plan"), a contributory defined benefit plan established through legislation and sponsored by the Government of Canada. Contributions are required by both the employees and the Corporation. The President of the Treasury Board of Canada sets the required employer contributions based on a multiple of the employees' required contribution. The general contribution effective at year end was \$1.28 (2014 - \$1.45) for every dollar contributed by the employee, and \$7.13 (2014 - \$7.59) for every dollar contributed by the employee for the portion of the employee's salary above \$158 thousand (2014 - \$155 thousand). And, for new employees who are participating in the plan on or after January 1, 2013, the Corporation contributes \$1.28 (2014 - \$1.43) for every dollar contributed by the employee, and \$7.13 (2014 - \$7.59) for every dollar contributed by the employee for the portion of the employee's salary above \$158 thousand (2014 - \$155 thousand). Contributions during the year were as follows:

		015	2	014
	(1	housands	of dol	lars)
Employer's contribution	\$	696	\$	732
Employees' contribution		466		437

The Government of Canada holds a statutory obligation for the payment of benefits relating to the Plan. Pension benefits generally accrue up to a maximum period of 35 years at an annual rate of two percent of pensionable service times the average of the best five consecutive years of earnings. The benefits are coordinated with Canada Pension Plan benefits and they are indexed to inflation.

10. Advances - Government of Yukon

Advances from the Government of Yukon represent a series of working capital advances by the Government of Yukon to the Corporation. These advances are repayable on demand and without interest.

		2015		2014

At March 31, 2015, there were construction projects in progress in the amount of \$4,944,000 (2014- \$4,509,000). There was no interest incurred for the construction of tangible capital assets in the current year or previous year.

In addition, at March 31, 2015, the Corporation held title to 24 vacant lots. These lots have no carrying value as they were transferred to the Corporation from a related party at a nominal value in prior years.

12. Expenses by object

		2015		2014
	4	(thousands	of do	ollars)

Interest on long-term debt		347		503
	\$	23,262	\$	20,934

13. Financial instruments

The balances in Cash, Due from Canada Mortgage and Housing Corporation, Accounts receivable, Housing Inventory, Due from the Government of Yukon, Bank indebtedness, Accounts payable and accrued liabilities and Due to the Government of Yukon have fair values that approximate their carrying amount due to their short term to maturity.

Fair value information is not disclosed for Advances - Government of Yukon (Note 10) because it arose as a result of related party transactions and bears no interest. There is no active market for such instruments.

The fair values of the Corporation's loans receivable and long-term debt were based on management's best estimates and were determined using the present value of future cash flows discounted at the March 31, 2015 estimated market rate for mortgages and loans with similar maturities.

The carrying amount and estimated fair values of loans receivable and long term debt are as follows:

	2015					2014					
				(thousands	of do	ollars)					
	F	mount	Fair Value		Amount		Fa	ir Value			
Loans receivable											
Mortgages receivable net of allowances	\$	42,157	\$	40,131	\$	42,366	\$	40,550			
Land sales agreements receivable		7,278		7,819		6,994		7,604			
	\$	49,435	\$	47,950	\$	49,360	\$	48,154			
Long-term debt Mortgages payable to chartered banks and CMHC Loans payable to chartered banks and CMHC Loans payable to the Government of Yukon Land sales agreements due to the Government of Yukon	\$	4,217 2,052 11,146 8,835	\$	3,626 2,177 6,456 8,364	\$	6,012 2,930 11,611 9,242	\$	5,145 3,053 6,323 8,636			
	\$	26,250	\$	20,623	\$	29,795	\$	23,157			

These financial instruments do not have active markets.

Until settled, the fair value of loans receivable and long-term debt will fluctuate with changes in interest rates. Management believes the carrying amount of loans receivable will be fully recovered.

14. Related party transactions and balances

The Corporation is related in terms of common ownership to all Government of Yukon departments, corporations and agencies. In addition to those related party transactions disclosed elsewhere in these financial statements (Note 7 & 10), the Corporation enters into transactions with related entities in the normal course of business.

(a) Shared services costs

Under the Corporate Services arrangement, which consolidates functions such as finance, systems and administration, policy and communications and human resources services, the Corporation provides corporate services to Yukon Liquor Corporation. During 2015, the Corporation incurred total corporate service costs of \$3,473,000 (2014 - \$3,528,000). The amount charged by the Corporation to Yukon Liquor Corporation for corporate services for the year was \$1,072,000 (2014 - \$1,050,000). Of the amount charged to Yukon Liquor Corporation, \$262,000 (2014 - \$263,000) was receivable at year end.

(b) Other transactions

The value of administrative services provided without charge by the Government of Yukon to the Corporation is estimated in 2015 to be \$24,000 (2014 - \$21,000). This amount has been included in the Statement of Operations and Accumulated Surplus under Administration expenses. The value of territorial agent services provided without charge by the Corporation to the Government of Yukon for 2015 is estimated to be \$53,500 (2014 - \$44,000). This amount has been included in the Statement of Operations and Accumulated Surplus under Program costs.

The employees of the Corporation are paid by the Government of Yukon. The Corporation reimbursed the Government for salaries and benefits expenses paid of \$6,828,000 during 2015 (2014 - \$7,696,000).

In 2008, the Corporation entered into an agreement with the Government of Yukon for the care and maintenance of a 48 unit seniors' social housing constructed as part of the Athletes' Village in Whitehorse. The Corporation has assumed responsibility for the facilities operation and maintenance costs. The value of services provided without charge, relating to the use of this building by the Corporation, is estimated in 2015 to be \$502,000 (2014 - \$502,000) based on the Government of Yukon's amortization expense.

During 2015, the Corporation was charged \$497,000 (2014 - \$430,000) by the Government for information technology support services, office rental, office supplies, computer software licensing and vehicle rental services.

During 2015, the Government of Yukon Department of Highways and Public Works managed the construction of 207 Alexander Street seniors' facility and the new Whitehorse seniors building with construction costs of \$3,681,000 (2014 - \$4,420,000) for 207 Alexander St. and \$2,347,000(2014 - nil) for the new Whitehorse seniors building. At year end the amount payable was \$775,000 (2014 - \$1,454,000) and is included in Due to Government of Yukon.

During the year, the Corporation transferred four vacant lots with no carrying value to the Government of Yukon Department of Energy, Mines and Resources. Three lots were located in the City of Dawson and one lot was located in the Village of Mayo. These lots were declared as surplus by the Corporation's Board of Directors and were transferred without remuneration. However, any associated future liabilities related to these lots were also transferred.

(c) Due from (to) the Government of Yukon

	2010		2014
	(thousands	of do	ollars)
Accounts payable	\$ (1,689)	\$	(2,474)

2014

15. Contractual obligations and contingencies

	:	2015	:	2014
	(thousands	of do	llars)
Outstanding contractual obligations to complete the funding of mortgages receivable				
as at end of year	\$	1,757	\$	1,128
Outstanding contractual obligations to complete agreements and contract				
commitments as at end of year		11,039		5,797
Annual subsidies to private social housing organizations		384		384

In the normal course of operations, the Corporation is subject to legal claims and possible claims. While the outcome of legal claims or possible claims is subject to future resolution, management's evaluation and analysis of such matters indicates that, individually or in the aggregate, the probable ultimate resolution of all legal claims and possible claims will not have a material financial impact on the Corporation's financial position, results of operations or its cash flows.

Pursuant to an agreement signed with CMHC in 1998, the Corporation is liable for a mortgage payable by the Whitehorse Housing Co-operative Association Limited (the Co-operative) in the event of a default. The mortgage matures on July 1, 2025 and the amount payable as at March 31, 2015 was \$839,000 (2014 - \$903,000). Management believes that the Corporation would be able to repay the mortgage in full through the sale of the Co-operative's assets (against which the mortgage is made) in the event of a default.

16. Bad debts write-offs

Section 14(4) of the *Financial Administration Act* of Yukon requires accounts written off during the fiscal year to be reported in the Public Accounts of Yukon. Bad debts written off during the current year and past four years are as follows:

Year	Amount
2015	\$ 110,909
2014	-
2013	17,297
2012	-
2011	21,383

17. Comparative figures

During the year, the Corporation changed the presentation of its Statement of Cash Flows from the direct method to the indirect method. Certain comparative figures for 2014 have been reclassified to conform with the 2015 presentation.
