Vehicle registrations now online in both official languages

WHITEHORSE—Yukoners are now able to access the Motor Vehicles branch registration service entirely in French.

"We are pleased to provide this service to our francophone community," French Language Services Directorate and Community Services Minister Elaine Taylor said.

The entire Community Services website is now available in French and English. The translation of the online vehicle registration renewal service marks a significant milestone in completing this transition.

As with all online transactions within the Yukon government website, the payment system accepts Visa and MasterCard and has a very high level of internet security.

The completion of the Community Services' French website brings the total number of Yukon government websites administered in French to 25.

Visit online to renew vehicle registration in French.

Visit the Community Services' French website for more information.
