# MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The management of the Yukon Liquor Corporation is responsible for establishing and maintaining a system of books, records, internal controls and management practices designed to:

- provide reasonable assurance that reliable financial information is produced;
- safeguard and control the assets of the Corporation;
- ensure that the transactions of the Corporation are in accordance with relevant legislation, and by-laws of the Corporation;
- ensure that the resources of the Corporation are managed efficiently and economically; and,
- ensure that the operations of the Corporation are carried out effectively.

Management is also responsible for the integrity and objectivity of the financial statements of the Corporation. The accompanying financial statements, which include amounts based on management's best estimates as determined through experience and judgement, are in accordance with generally accepted accounting principles.

These financial statements have been independently audited by the Corporation's external auditor, the Auditor General of Canada, and her report is included in this report.

#### **AUDITOR GENERAL OF CANADA**

#### **AUDITOR'S REPORT**

To the Executive Council Member responsible for the Yukon Liquor Corporation

I have audited the balance sheet of the Yukon Liquor Corporation as at March 31, 2001 and the statements of income and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at March 31, 2001 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the *Liquor Act*, I report that, in my opinion, these principles have been applied on a basis consistent with that of the preceding year.

Further, in my opinion, proper books of account have been kept and the financial statements are in agreement therewith, and the transactions of the Corporation that have come to my notice during my audit of the financial statements have, in all significant respects, been in accordance with the Liquor Act and regulations, the Liquor Tax Act, the Financial Administration Act and regulations and the by-laws of the Corporation.

Ronald C. Thompson, CA Assistant Auditor General

for the Auditor General of Canada

# Notes to the Financial Statements

March 31, 2001

#### 1. Authority and Operations

The Corporation, established in 1977, under the Liquor Act, is responsible for the purchase, distribution and sale of liquor within the Territory. It is responsible for controlling the sale of liquor through licensed outlets and enforcing all matters related to the Act.

In accordance with the *Liquor Act*, the net income for the year, before amortization, less amounts expended on capital assets, is remitted to the Government of the Yukon on a monthly basis.

The Corporation is required by the Liquor Tax Act to collect liquor taxes on behalf of the Government of the Yukon and to remit these taxes on a monthly basis. The current rate is 12%, and is applied on the amount the Corporation would otherwise charge for its products.

In accordance with the provisions of the Beverage Container Regulations under the *Environment Act*, the Corporation collects various beverage container deposits and recycling surcharges on the sale of its products. These amounts are remitted to the Recycling Fund on a monthly basis after deducting deposit refunds paid and fees earned under the program.

The employees of the Corporation are paid by the Government of the Yukon. The Corporation reimburses the Government on a monthly basis for salaries and benefits expenses paid.

#### 2. Accounting Policies

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles. The more significant accounting policies are as follows:

#### Inventories

Inventories are comprised of alcoholic beverages for resale and are valued at the lower of landed cost at Whitehorse, or market.

#### Amortization

Amortization of capital assets owned by the Corporation is calculated by the straight-line method over the estimated useful life of the assets as follows:

Buildings 20 years
Furniture and office equipment 5 years
Equipment 5 years
Systems equipment & software 3 years

Leasehold improvements 4 years or remaining term of lease

#### **Employee future benefits**

Under the conditions of employment, employees may qualify and earn employment benefits for vacation, sick, compensatory and personal leave, travel bonus, and severance benefits. The benefit obligation was determined on an actuarial basis. The key assumptions used were a liability discount rate of 7% and an annual rate of general salary escalation of 3%. The obligation for vacation leave, sick leave, and severance benefits were calculated using the projected benefit method pro-rated on service. The remainder was calculated assuming all employees would receive the benefits on valuation date.

# Notes to the Financial Statements March 31, 2001

#### 2. Accounting Policies (continued)

#### Services provided without charge

The Corporation does not record the value of services it receives or provides without charge. These services include the following:

- capital assets such as liquor store buildings, store and warehouse improvements, furniture and equipment acquired by the Government of the Yukon until March 31, 1990 for use by the Corporation, see (Note 4 b);
- services, primarily accommodation, provided by the Government of the Yukon;
- services provided by the Corporation to the Government in its capacity of Territorial Agent in localities outside of Whitehorse; and
- annual audit provided by the Office of the Auditor General of Canada.

#### 3. Fair Values of Financial Instruments

Accounts receivable, accounts payable and the amount due to the Government of the Yukon are incurred in the normal course of business. All are due on demand and are non-interest bearing. The carrying amounts of each approximate fair values because of their short maturity.

## 4. Capital Assets

a) Capital assets purchased by the Corporation after March 31, 1990 are as follows:

		2001		2000

The value of services provided without charge by the Government of the Yukon to the Corporation is estimated to be \$552,842 (2000 - \$552,634). The value of services provided without charge by the Corporation to the Government is estimated to be \$385,000 (2000 - \$360,000). These transactions were not included in the financial statements of the Corporation.

#### 8. Pensions

The Corporation and its employees, who are deemed to be employees of the Government of the Yukon, make contributions to the Public Service Superannuation Account administered by the Government of Canada. These contributions represent the Corporation's total pension obligation and are recognized in the accounts on a current basis. The Corporation's contributions to the plan have been limited to an amount equal to the employee's contributions on account of current services. Effective April 1, 2000, the Corporation's contributions increased to an amount reflecting the full cost of the employer's contributions. As of April 1, 2000, the employer's contribution is 2.14 times the employees' contribution. The Corporation is not required to make any contributions with respect to actuarial deficiencies of the Public Service Superannuation Account.
