

# YUKON CARIBOU HERD RANGES 2024

Herd	Population Estimate	Survey Technique	Year of Estimate	Trend
Woodland Caribou Herds (Northern Mountain and Boreal Populations)				
Aishihik	1,912	Mark-resight	2023	Unknown*
Atlin	1,527	Mark-resight	2018	Increasing
Bonnet Plume	5,000	Extrapolation	1982	Unknown
Boreal (Yukon portion only)	200	Two-phase aerial survey	2022	Unknown
Carcross	850	Mark-resight	2019	Stable
Chisana	582	Mark-resight	2022	Stable
Clear Creek	792	Mark-resight	2018	Decreasing/Stable
Coal River	1,203	Mark-resight	2022	Decreasing/Stable*
Ethel Lake	520	Total count	2019	Stable
Finlayson	3,359	Stratified random quadrat	2022	Stable/Increasing
Hart River	2,662	Mark-resight	2015	Stable
Horseranch	600	Stratified random quadrat	1999	Unknown
Ibex	1,732	Mark-resight	2019	Decreasing*
Klaza	1,179	Mark-resight	2012	Unknown*
Kluane	470	Mark-resight	2015	Stable
Labiche	450	Total count	1993	Unknown
Laberge	746	Mark-resight	2019	Stable
Liard Plateau	151	Total count	2011	Unknown
Little Rancheria	1,200	Stratified random quadrat	1999	Unknown*
Moose Lake	400	Mark-resight	2017	Stable
South Nahanni	2,105	Mark-resight	2009	Unknown
Pelly	1,000	Extrapolation	2002	Unknown*
Redstone	>10,000	Total count	2012	Unknown
Swan Lake	702	Mark-resight	2021	Stable
Tatchun	500	Total count	2000	Unknown
Tay River	1,880	Mark-resight	2017	Stable
Wolf Lake	1,184	Mark-resight	2022	Stable
Large Migratory Caribou Herds				
Fortymile	29,000	Direct photocount/Rivest Estimate	2024	Decreasing
Nelchina	8,823	Direct photocount	2023	Decreasing
Porcupine	218,000	Direct photocount/Rivest Estimate	2017	Stable

**More information:**

This map is for information and education purposes only, based on information current to 2024. Herd trend is based on information from population surveys, composition surveys, and other forms of knowledge. An unknown trend may indicate herd information is outdated (10+ years).

\*Data to inform herd trend is pending from a multi-year monitoring program.

For more information, please contact the Caribou Program, Fish and Wildlife Branch, Yukon Department of Environment (867)-667-5465.
