^(*) Restated 2012-13 Supplementary Forecast to be consistent with 2013-14 Main Estimate presentation. Refer to note on page 10 in "Financial Information" section of this document for details.

The Multi-Year Capital Plan identifies Capital priorities and their related expenditures over the next four years (i.e. the current budget year plus the three subsequent fiscal years). Although subject to revision each year, the Multi-Year Capital Plan provides an overview of the Government of Yukon's future Capital expenditure priorities. As a framework document, the Multi-Year Capital Plan highlights the multi-year sustainable level of Capital investment targeted by the government.

Known priorities for future years are presented over a three-year horizon within the identified net Capital target for each fiscal year. The ongoing Capital planning processes will provide the government the opportunity to update the Multi-Year Capital Plan in response to changing and/or emerging priorities, changing market conditions and sector capacity, emergencies and other factors that may require government to revisit its Capital expenditure plan.

The following are notes related to the attached Multi-Year Capital Plan.

- (1) Projects are subject to Implementation Approval by the appropriate authority. Projects known to have received or are known to require Implementation Approval by Management Board are noted in the listing.
- (2) Projects have received Implementation Approval by Management Board:

- (3) Project scope, target completion date, and target total cost are subject to Implementation Phase approval by Management Board.
- (4) The Annual Capital Plan (ACP) for 2013-14 has been submitted to Canada in accordance with the Building Canada Framework and Funding agreements. Future year estimates are identified in this multi-year plan, and will be adjusted as appropriate as planning and scoping work is completed and implementation plans have been finalized.
- (5) The 2013-14 Main estimates provides \$38.8 million (net of recoverable amounts) for transportation-related investments (e.g. highways, roads, bridges and airstrips). The Multi-Year Capital Plan reflects consistent investment of approximately \$32.5 million for 2014-15 through 2016-17.
- (6) Government of Yukon ongoing core investment related to information technology is coordinated by the Department of Highways and Public Works, Information and Communications Technology (ICT) branch. Departments have responsibility for the budget of approved projects and purchases. The targeted investment for each year of the Multi-Year Capital plan is \$6.5 million (net basis). The 2013-14 Mains provides \$7.318 million gross for core investments (of which, \$285,000 is recoverable for a net total of \$7.033 million).
 - In addition to the 2013-14 core investment, Government of Yukon provides significant information technology investments in Yukon schools. For 2013-14, the Main Estimates (Department of Education) includes \$1,776,000 for school-based information technology investments. (This amount is included in the "Other Capital Projects" line.)
- (7) Government of Yukon ongoing core investment related to the Building Maintenance program is coordinated by the Department of Highways and Public Works, Property Management Division (PMD). Departments have responsibility for the budget of approved projects.
