

Mary Lake hazard reduction to cause increased traffic and smoke

August 5, 2020

Residents of Mary Lake may notice increased traffic in their community from August 5th to 21st. Firefighters will be working to reduce the fuel risk in the area indicated on this map from 9:30 a.m. to 6:30 p.m. daily throughout this time period.

Here's what to expect:

- Increased traffic on Fireweed Drive in the mornings and evenings
- Increased traffic on the quarry trail system throughout the day
- Smoke present from pile burns at the work site
