Final Response ATIPP Access Request 21-335

Decision

The Department of Highways and Public Works has searched the Transportation branch and the Corporate Information branch and has identified records responsive to Access Request #21-335. Our final response on the information is as follows:

Access Granted in Part

The Department of Highways and Public Works has provided access in part to information relating to the request noted below:

I would like access to accounting information in regards to Auto Glass purchases including soa and non soa items. How much was spent on glass, part numbers and who has been doing installations. As we don't get any opportunity to quote even though there is no current soa, we are concerned that YTG may be overpaying for auto glass services and would like the opportunity to review and compare.
Timeframe: January 1, 2018 to October 15, 2021.

Third party business information consisting of itemized prices that could reasonably be expected to result in undue financial loss or gain to a person or entity or harm the competitive position of the third party was redacted under section 77(1)(a)(c) of the ATIPP Act.

There will be no charge for this request.
