**1. Approval of agenda**

Approved.

**2. Approval of minutes**

Approval of minutes for January 7, 2016 was deferred to the meeting in March.

**Matters arising from minutes**

Lorie was brought up to speed on the discussion about s. 22(1)(a) held at the January meeting.

**3. s. 22(1)(a)**

It was proposed that this committee make a recommendation to senior management that an expert be contracted to look into what the MAB needs with regard to s. 22(1)(a)  
 Louise will draft the memo to be sent to senior management.

**4. Secretariat for the Committee**

Discussion deferred to next meeting because of low attendance at the meeting today.

**5. Incident Reports**

On February 3, 2016 Security was called to escort an inebriated person from the ECO reception area without incident (the person became loud and abusive when asked to leave). s. 22(1)(a)

Angela will speak to Justice  
 about the system they use and Louise will talk to PSC about theirs.

**6. Round Table**

Emergency exits on the south side of the building have been rerouted by PMD for the duration of the construction of the south side of the building. Departments affected by this feel that the signage is adequate and there are no issues.

### Summary of Action Items

As a follow up to our committee meeting this morning, we agreed to the following action items to be completed before our next meeting on **May 12**:

#### 1) **Evacuation route**

- Determine evacuation route (in conjunction with relevant colleagues. In many cases these already exist. If it doesn't exist, you may have to work with building owner)
- Post route in workplace (required)
- Ensure colleagues/supervisor are familiar with route (ie. Please communicate at your staff meetings)

#### 2) **Emergency Contact & Reminders Form – Attachment 1**

- Determine information & complete form (in conjunction with relevant colleagues)
- Ensure colleagues/supervisors are familiar with form (ie. Please communicate at your staff meetings)
- Post form under evacuation route poster in workplace

*The **Assisted staging area** is a designated area where staff with mobility difficulties can gather to be assisted/escorted out of the building. For example, it's the site where if you have an injured person and can assist them to there, but not out of the building – then the building marshal can tell the firemen where to collect these individuals. This is optional to have so you'll need to determine if it's relevant for your work area (in many cases, these people can be assisted to the actual muster points). I have indicated this as optional on the form.*

#### 3) **Upload #1 and #2 by May 12<sup>th</sup> to ECO H&S Sharepoint site under 'Resources'**

s. 19(1)(l)

(this is so everyone puts it in a common place. We will reorganize the site shortly).

#### 4) **Feedback** – if you have any feedback on attachment 2, please let me know.

### 1. Approval of agenda

Approved.

### 2. Approval of minutes

Minutes for March 2, 2016 were approved.

### Matters arising from minutes

Marten asked when the internal renovations were going to be done so that s. 22(1)(a)

He reported a recent incident where a confused , fairly incoherent person wandered into his office.

### 3. Secretariat for the Committee

Angela Sale-Roche has stepped down from the committee for the summer because of other workplace obligations, and Louise Dawson will be resigning from the committee with effect from 29 July 2016. This means that the committee will have no Chair as of the end of July 2016.

Please poll your department to see if there is any interest in taking on this role.

### 4. Incident Reports

An employee s. 25(1) had a severe reaction to latex balloons used in an event held in the lobby of the building on 4 May 2016. s. 25(1), was forced to leave the building for the rest of the day. Marion Morrison at PMD was contacted and agreed to include a clause in the building use agreement regarding the use of latex.

### 5. Additions to the agenda – Miriam Smith

- The allergic reaction to latex balloons mentioned in 4. above highlighted the need for greater awareness of employees with life-threatening allergies. It was agreed that health and safety is the primary responsibility of each individual. The onus is on the allergy sufferer to advise their colleagues of their allergies. This committee will send a

memo to senior management regarding allergies and how the risks can be mitigated once the matter has been discussed further and clear recommendations can be made.

- There have been a lot of staff changes in Finance and a request has been made for evacuation procedure training. Louise has offered to provide this training. Miriam will make the necessary arrangements.

**3. Business arising from previous meetings/Review of Action Items from April 14<sup>th</sup>, 2016**

- **Post Evacuation Route and Emergency Contact Documents from each branch/unit to the OH&SC SharePoint site:** *Waiting for the following units/branches to upload to the SharePoint site: Main Street Offices (AR, Youth Dir., Audit), Main Admin. Bldg. units. Angela will respond with the Main Admin Bldg. document. The Main Street Offices will have their documents posted by Thursday, May 19<sup>th</sup>.*
- The current documents are located under the *Resources* link on the left hand column of the site; Angela will look into making a new tab labeled Evacuation Plans.
- A Reminder that each branch/unit is to conduct a Fire Drill/Evacuation annually.
- Should Cabinet require First Aid Assistance they are to contact the Security Desk.

**4. Communicate and Integrate Element 9 & 10 documents throughout ECO**

- Louise will forward the documents to the DMC group for their review. Should they have any questions the group can request a presentation for further clarification. This item will also be requested to be added to the agenda for the group's next meeting.

**5. Incident Reports**

- No incident(s) reported nor discussed

**6. Workplace Hazard Reports**

- Reminder that each unit is responsible for monthly reporting.
- Tannis and Angela will be conducting the ECO inspections for this quarter (May).

**7. Round Table**

- Reminder that the Main Street Offices Safety representative is required to communicate the Health and Safety meetings with the other offices on Main Street.
- No update on the Radon testing at the Commissioner's Office due to difficulty in obtaining quotes from the private sector.
- It was discussed ECO could request a full time Health and Safety coordinator.
- Louise will request a standing agenda item for Health and Safety during the DMC group meetings.

Next Meeting Date – 16-06-09 @ 09:00 – ECO Boardroom

### Summary of Action Items

As a follow up to our committee meeting this morning, we agreed to the following action items to be completed before our next meeting on **June 9**:

- Main Street Offices to post on SharePoint the evacuation and emergency contact documents
- Angela to produce an evacuation document for the main administrative building (ECO section).
- Angela to add a column titled *evacuation plans* on the SharePoint site.

#### 1. Approval of agenda

Approved.

#### 2. Approval of minutes

Minutes for May 5, 2016 were approved.

#### Matters arising from minutes

With regard to the latex allergy situation, Miriam confirmed that PMD was extremely responsive and now include a clause banning the use of latex products in their MAB building rental agreement. This matter will be brought to Security's attention so that they can monitor tours coming into the building.

#### 3. Secretariat for the Committee

No one has come forward to chair the committee. Louise will send an e-mail to senior management requesting that they appoint two co-chairs for the committee.

#### 4. Incident Reports

The black Styrofoam was placed in the windows of the Legislative Assembly in preparation for removing the windows. The foam started melting in the sun and emitted toxic gas. Staff had to be sent home. The solution to the problem is for the contractors to work on each office individually.

Sealant being used on the basement walls emits fumes. The contractor has been asked to do the sealing around the fresh air intake over a weekend because this would affect the entire building.

#### 5. Round Table

Brianne – the ceiling just behind her desk is still dripping. The bucket being used to catch the drips is in an open area where there is a tripping risk. This bucket needs to be clearly marked. There are a lot of flies in the cabinet offices. A call has been placed to Orkin.

Miriam – Finance is currently changing carpeting and reorganising space. Payroll requires additional filing cabinets but the weight of the records has been flagged as a concern. Suggested

that she speaks to PMD regarding the location of the beams and to ask if they have any solutions to the problem.

Bryan – the loading bay doors have been inaccessible because of the construction. Hopefully they will be available to use again soon.

General – Each representative on this committee needs to advise the employees in their areas not to use the loading bay door for entering or exiting the building.. Care needs to be taken when exiting through emergency exits that are available because the concrete pads outside the doors may have been moved.

## Minutes of the Joint Occupational Health and Safety Committee Meeting

### Main Administration Building

August 3, 2016 – 10:00 a.m.

ECO Boardroom, Main Admin Building

#### Present:

Jason Biensch (Co-Chair)	FIN
Bryan Krause	HPW – Mailroom
Marylynn Crane	HPW - ICT
Marten Berkman	Tourism & Culture
Helen Fitzsimmons	Legislative Assembly
Jessica Schultz	ECO
Colin Cohoe	HPW - Security

#### 1. Approval of agenda

Approved.

#### 2. Approval of minutes

Minutes for June 2, 2016 were approved.

#### 3. Committee – Terms of Reference

**ACTION:** Jason to obtain copy of Terms of Reference for distribution and discussion at the next meeting.

#### 4. Incident Reports

Marylynn reported to the committee that 3 ICT employees left work due to a noxious smell from a sealant (used in current renovations) gassing off in proximity to their work space. A group discussion concluded that incident reports or leave forms are not applicable leave documentation in these cases. A decision was reached that appropriate documentation in these cases is:

- notification of the circumstances and employees involved is given to the Project Manager; and,
- inclusion in the committee's minutes.

**ACTION:** Jason to initiate, if required, a "change of ownership" from the past co-chair Louise Dawson to the new co-chair Satnam Gill to ensure the OPR for the committee minutes is valid.

#### 5. Round Table

Bryan noted that hard hats are still required outside loading bay door and that signs have still not been provided.

**ACTION:** Jason to follow-up with Mike Otto for "Hard hat area only" signage.

Bryan also noted that not all fire exit concrete pad "step downs" have been re-installed. Need to facilitate completion by contacting the responsible party.

Walk-around discussion - not the responsibility of the committee to complete walk-around. Committee to "participate in the identification of hazards" and to make sure the actual walk-around are completed by individuals who know what to look for and who are trained in the process. In the best case scenario, individual branch areas should be scanned, on an ongoing basis, by area employees using a practical common sense approach to identifying potential

hazards. It was also noted that per their mandate, Security personnel do daily walk-around to identify existing or emerging safety issues. Suggestion made that the committee arrange, for a future meeting, a 1 hour Q&A session in order to gain a fuller knowledge of what walk-around inspections are met to accomplish, as opposed to participating in full-length training.

Helen brought forward that s. 22(1)(a)

**ACTION:** Jason to research s. 22(1)(a)

A further discussion followed re: Security's role in this type of situation. s. 22(1)(a)

**ACTION:** Recommend put as standing item; Helen and Jason to research and make recommendations to HPW (Property Management) to change s. 22(1)(a)

Jason brought forward first aid training and the need to keep a current listing of which employees are up to date first aid reps. Employee compensation can provide list. If you are exposed to a situation requiring first aid, who do you call – Jason will look into a current first aid rep contact list to be posted through-out the building. It was noted that 911 is always the correct first contact.

Discussion on location of the defibrillator and the possibility of initiating an informal 10 minute demonstration on its use in order to dispel the intimidation people generally feel about being able to operate it in the case of an emergency - show how straightforward and easy to use it actually is. Discussed the battery requirements and if there was a process in place to ensure they are checked and changed as required.

The need for s. 22(1)(a) as the first step towards upgrading / updating MAB safety was discussed. It was also brought up that an evacuation drill should take place this summer.

**ACTION:** Jessica offered to co-chair a Building Evacuation committee. First step – gather the plan and documentation that has already been developed and update as appropriate.

It was noted that the First Aid Room is currently being used as a "respite space" a few times a day but because this room is strictly a "no-go" zone - unless it is required for an illness or health emergency - the need for "health break room" was discussed.

**ACTION:** Find out what necessitates the current requirement for daily "quiet times" to determine the best accommodation for this situation – determine if the room can continue to be used.

Meeting adjourned: 10:50 a.m.

Next meeting: September 7th, 2016 - ECO Boardroom

## Joint Occupational Health & Safety Meeting

Main Administration Building

10:00 am – April 4, 2018 - Executive Council Office Boardroom

---

### Present:

Katherine Traplin – Co-Chair	Highways & Public Works
Brenda McCain-Armour	Legislative Assembly Office
Nigel Allen	Public Service Commission
Phil MacDonald	Executive Council Office
Scott Tyrner	H&S Rep - Highways & Public Works
Glenn Lemoine	PMD - Highways & Public Works
Chris Schneider	Security - Highways & Public Works

### Regrets:

Carol MacLellan – Co-Chair	Finance
Marten Berkman	Tourism & Culture

1. Agenda approved
  - a. Agenda was created and approved at the outset of the meeting.
2. Minutes of previous meetings
  - a. Minutes from January 3, 2018 had been previously deferred.
  - b. Fire Alarm & Generator Testing
    - i. ACTION: Glenn will follow-up again on possibility of a re-occurring time schedule.
  - c. Incident Report – Nigel discussed an allergic reaction induced by fumes from work being done on building. PSC followed up by meeting with PMD to take precautionary measures in order to avoid a similar situation in the future.
  - d. Discussion on handicap parking spots beside old library because the old library is now being used as 'swing space' during office moves.
    - i. ACTION: Glenn will draft up a sign that directs users of parking stalls to barrier free access to the building.
    - ii. ACTION: Scott and Katherine to review draft mock-up of signage.
  - e. s. 22(1)(a)
  - f. Potential s. 22(1)(a)
    - i. ACTION: Phil will follow-up to determine status and report back to committee at the next meeting.
3. Freight Delivery Ramp Access
  - a. Glenn noted that ICT-H&PW s. 22(1)(a)
 

This is now being resolved.
  - b. Risks associated with pedestrian traffic around the loading bay were noted.
    - i. ACTION: Glenn is working towards having the area deemed a point of entry for freight only with pedestrian traffic required to wear high-visibility vests.

- c. It was also noted that these changes will require the appropriate communication, likely through a global message.
- 4. Naloxone Training
  - a. PSC held a training session on naloxone training kits to treat opioid (e.g. fentanyl) overdoses. The hour long session had attendees from PSC.
- 5. Safety Data Sheets
  - a. Discussion on whether WHIMS safety data sheets should be put next to each First Aid kit. The likely WHIMS sheets are those for toner overflow and fire extinguishers.
    - i. ACTION: Nigel will follow-up to determine which data sheets.
- 6. First Aid Room
  - a. Discussion on whether the building requires an official First Aid Room (with eye wash station, etc.).
    - i. Scott had determined it does not because it is a Class B building under the OH&S Regulations.
    - ii. There is an eye wash station in the mail room.
    - iii. Scott noted that the First Aid Room was recently cleaned out and expired supplies were removed.
  - b. Though the building does not require an official First Aid Room, it does require a recovery room which the current space already facilitates.
    - i. ACTION: Scott will bring back OH&S Regulations that determine building is Class B.
- 7. s. 22(1)(a) System
  - a. s. 22(1)(a)
  - b. ACTION: Phil will get access to system and training in order to use system and provide printed report of incidents for review at each meeting.
- 8. Potential Change to s. 22(1)(a)
  - a. ACTION: Phil will follow-up on status and possible next steps and report back to committee.

**Next meeting:**

Wednesday, May 2 2018 at 10:00 am - Executive Council Office Boardroom

## Joint Occupational Health & Safety Meeting

Main Administration Building

10:00am – May 2, 2018 - Executive Council Office Boardroom

---

### Present:

Katherine Traplin – Co-Chair	Highways & Public Works
Carol MacLellan – Co-Chair	Finance
Brenda McCain-Armour	Legislative Assembly Office
Phil MacDonald	Executive Council Office
Scott Tyrner	H&S Rep - Highways & Public Works
Chris Schneider	Security - Highways & Public Works
Marten Berkman	Tourism & Culture

### Regrets:

Nigel Allen	Public Service Commission
-------------	---------------------------

1. Agenda approved
  - a. Agenda was approved with addition of Incident Reports.
2. Minutes of previous meetings
  - a. April 4, 2018 minutes were approved.
3. Fire Alarm & Generator Testing
  - a. The notes sent out prior to testing were noted as quite helpful. However, Blair is still looking at options of s. 22(1)(a) when possible.
    - i. ACTION: Glenn will still report back on status at next meeting.
4. Parking Spots Beside Old Library
  - a. Confirmed that wording for sign is going to come from Scott and Katherine.
    - i. ACTION: Scott and Katherine will draft language for a sign that directs users of parking stalls to buildings' barrier free access and send wording to Glenn to liaise with sign shop for production.
5. s. 22(1)(a)
6. Potential s. 22(1)(a)
  - a. Phil provided update on status, noting Property Management Division (PMD) may be able to help. It was also noted that payment for any s. 22(1)(a) may need to be split amongst departments in MAB but costs are not yet clear.
    - i. ACTION: Phil will reach out to new contact in PMD that may be able to provide name of contractor(s) to s. 22(1)(a) and other advice and report back to committee on next steps.

7. Freight Delivery Ramp Access

- a. Work being done to designate door beside ramp as a point of entry for freight only with pedestrian traffic required to wear high-visibility vests. Signs are being made and Chris noted Glen has talked to representatives in ICT and Mailroom.

8. Safety Data Sheets

- a. Item deferred: Nigel was not present to provide more info on which data sheets.

9. First Aid Room

- a. Scott provided further rationale for why building is Class B under OH&S Regulations.
  - i. ACTION: Scott will have oxygen tank in recovery room refilled.

10. s. 22(1)(a) System

- a. Phil, Scott and Carol took s. 22(1)(a) System training. Scott will input inspection reports each month and Phil will print report for committee to review.
- b. Scott discussed which portions of old library space are encompassed in inspections as communal space.
- c. Katherine plans to attend next inspection walk around with Scott.

11. Potential Change to s. 22(1)(a)

- a. Phil provided update on status, as he gathered, Deputy Ministers were generally supportive of s. 22(1)(a) but had some concerns. Phil will continue to get a better understanding of those concerns and how they can be addressed, lining up next steps.

12. Incident Reports

- a. Chris mentioned incident from a few weeks past about aggressive behavior at inquiry desk. RCMP were called to handle and staff were reminded that they should not s. 22(1)(a)  
ECO is putting on a verbal Judo Course in July for some of its frontline staff.
- b. Discussion on inappropriate parking spots around building now that spring has arrived. Tickets can/will be issued to deter parking violations because some can cause safety concerns.

**Next meeting:**

Wednesday, June 6 2018 at 10:00 am – \*\*Epp Boardroom\*\* – Executive Council Office

## Joint Occupational Health & Safety Meeting

Main Administration Building (MAB)

10:00 am – June 6, 2018 – ECO Epp Boardroom

---

### Present:

Katherine Traplin – Co-Chair	Highways & Public Works
Carol MacLellan – Co-Chair	Finance
Brenda McCain-Armour	Legislative Assembly Office
Phil MacDonald	Executive Council Office
Scott Tyrner	H&S Rep - Highways & Public Works
Chris Schneider	Security - Highways & Public Works
Marten Berkman	Tourism & Culture
Glenn Lemoine	PMD - Highways & Public Works

### Regrets:

Nigel Allen	Public Service Commission
-------------	---------------------------

1. Agenda approved
  - a. Agenda was approved.
2. Minutes of previous meetings
  - a. May 2, 2018 minutes were approved.
3. Fire Alarm & Generator Testing
  - a. Looking at s. 22(1)(a)

Glenn noted that Blair Rolling will likely attend the next meeting to further discuss.

4. Parking Spots Beside Old Library
  - a. Signs were drafted to direct users of parking stalls to buildings' barrier free access but in doing so it was noted that the parking stalls don't appear to meet accessibility standards.
    - i. ACTION: Scott and/or Katherine will engage PSC's Workplace Diversity Office to check on specific concerns and implications of removing parking stalls.
    - ii. ACTION: Glen will follow-up with Capital Development on status of any potential plans to upgrade parking lots around building.
  - b. In discussion of barrier free access, two other things were noted. There is a vent on the side of the building protruding over the sidewalk and the wheelchair lift may not be working.
    - i. Glen will look at adding high-vis material or possibly redesigning vent.
    - ii. Glen will have the wheelchair lift tested.

## 5. Potential Risk Assessment Report

- a. Phil asked the committee about what the scope of any engagement with a contractor the committee may want included. Some suggestions were:
  - small building improvements;
  - ideas for consideration during MAB Space Planning (i.e. should public spaces be in one area, etc.); and
  - suggested safety practices (e.g. employees wearing ID cards, etc.).
  - i. ACTION: Phil will look into further defining scope and next steps to have assessment completed.
- b. In discussing safety of MAB staff, it was noted that ECO has a contract for Verbal Judo training on July 10/11 and there are some extra spots available. The training is geared towards front-line staff dealing with the public.
  - i. ACTION (ALL MEBMERS): If there are any front-line staff in MAB who are interested in taking training for safety purposes, MAB H&S rep should contact Phil as only a few spaces remain.

## 6. Freight Delivery Ramp Access

- a. Getting area deemed a point of entry for freight with only pedestrian traffic (required to wear high-visibility vests). Signage being created, delayed because RFP required now that signs need to include new YG branding. When draft signs are complete, proofs will be sent to committee members for review.

## 7. Safety Data Sheets

- a. Deferred to next meeting.

## 8. Best Practices to Setup a Departmental Joint Occupational Hazard and Safety Committee

- a. Deferred to next meeting.

## 9. Incident Reports

- a. No incidents to report.

## 10. Next Meeting

- a. July's meeting will be canceled because majority of committee is away. Next meeting will be August 1, 2018. If anything major arises in interim, it should be addressed by emailing committee members.

### Present:

Katherine Traplin – Co-Chair	Highways & Public Works
Carol MacLellan – Co-Chair	Finance
Phil MacDonald	Executive Council Office
Nigel Allen	Public Service Commission
Scott Tyrner	H&S Rep - Highways & Public Works
Glenn Lemoine	PMD - Highways & Public Works

### Regrets:

Brenda McCain-Armour	Legislative Assembly Office
Chris Schneider	Security - Highways & Public Works
Marten Berkman	Tourism & Culture

1. Agenda approved
  - a. The following two items were added to the agenda:
    - i. Air Intake Hood
    - ii. South-end Accessible Parking Stalls
2. Minutes of previous meetings
  - a. June 6, 2018 minutes were approved.
3. Fire Alarm & Generator Testing
  - a. Glenn noted that Blair Rawlings - Superintendent of Maintenance will attend the next meeting to further discuss.
4. Parking Spots Beside Old Library
  - a. ACTION: Scott and/or Katherine still to engage PSC's Workplace Diversity Office to check on specific concerns and implications of removing parking stalls.
  - b. Discussed possibility of turning stalls on second avenue into accessible parking spaces. Looking into whether there are any regulations or other issues to consider.
5. Safety Data Sheets
  - a. ACTION: Nigel will forward pdf version of safety data sheet for fire extinguishers that includes first aid measures. Committee members will then post them in respective areas.
6. Best Practices to Setup a Departmental Joint Occupational Hazard and Safety Committee
  - a. No H&S committee exists in Finance but is required. Advice to set one up was being sought.

- b. PSC's committee structure was described. It is similar in some ways to Finance because of how program areas reside in multiple buildings.
- a. ACTION: Nigel will send Carol a link to the PSC H&S SharePoint site as a resource for setting up the Finance committee.

7. Incident Reports

- a. High risk offender was in the MAB. Personalized Safety Plans are in place. ECO has contacted PMD about s. 22(1)(a)
- b. s. 19(1)(b)

8. Air Intake Hood

- a. As discussed with ICT, intake hood is necessary where it is but there was a question of whether a redesign may be feasible in order to make the area safer.
- b. ACTION: Scott will look into whether a Project Identification Document might be considered.

9. South-end Accessible Parking Stalls

- a. Stalls will be moved to better location. Currently, there are three spots but one is not useable because of drainage issues. Stalls will be relocated shortly to allow for better accessibility.
- b. Discussion was also had on speed limits in parking lot.
- c. ACTION: Glenn will be looking into whether speed limit signs might be installed to curb excessive speeds.

## Joint Occupational Health & Safety Meeting

Main Administration Building

10:00 am – October 3, 2018 - Executive Council Office Boardroom

### Present:

Katherine Traplin – Co-Chair	Highways & Public Works
Carol MacLellan – Co-Chair	Finance
Exilda Driscoll	Executive Council Office
Scott Tyrner	H&S Rep - Highways & Public Works
Glenn Lemoine	PMD - Highways & Public Works
Chris Schneider	Security - Highways & Public Works
Marten Berkman	Tourism & Culture
Mike Smith	Superintendent of Maintenance-PMD

### Regrets:

Nigel Allen	Public Service Commission
-------------	---------------------------

1. Agenda approved with following addition
  - Water Testing (lead) added to the agenda
2. Minutes of previous meetings
  - Minutes from August 1, 2018 approved
3. Fire Alarm & Generator Testing
 

Mike Simon, Superintendent of Maintenance was asked about the scheduling of fire alarms and generator testing

  - Fire alarm and generator testing are routine items and scheduled to be tested s. 22(1)(a)
  - It response to request that MAB JOHSC be given s. 22(1)(a) notice so that proper notice can be given to building employees so they could prepare for the interruption in power and do not unnecessarily leave the building. Mike could not commit to s. 22(1)(a) but thought s. 22(1)(a) could be a possibility.
  - Single point of contact – Departments should inform their staff that if they are not receiving notification of fire alarm and generator testing that they should contact Nigel Allen to be added to the list.
  - Discussion around whether the testing could be done s. 22(1)(a)
 

Mike said they would try to do testing around this time.
4. Parking spots behind Old Library.
  - Glen met with Dennis and it was decided that the parking spots should be left as is.
5. Safety Data Sheets - **COMPLETED**

6. 6. Best practices to set up Departments Joint Occupational Hazard and Safety Committee
  - This it is for the Dept of Finance only and Carol pursue this further on her own.
7. Wheelchair access to the MAB is at the North and South entrances only.
  - i. ACTION: Glenn will draft up a sign that directs users of parking stalls to barrier free access to the building.
  - ii. ACTION: Scott and Katherine to review draft mock-up of signage.
8. South-end Accessible Parking Stalls
  - Handicap parking at south access entrance is not optimal because of the slope; it causes water to pool and it freezes when cold. Glen had the drainage flushed out this year which helps the situation and will schedule to have it done once a year in the future. The situation will not be resolved until a complete overall of the parking lot is done.
9. Air Intake Hood
  - Pointing the wrong way and is a low enough where people walking on side walk risk bumping into it.
  - Glen has put some high visibility tape on it so it is more visible
  - Too late to have it modified because of high cost
  - If there are complaints, record the complaint on archibus
10. YWCHSB JOHSC Training
  - Exilda will look into getting training, all other members have received training some of or all of the required training.
  - Carol, Kat and Marten have received level 1 and would be interested in level 2
11. Incident Reports – none

### **Roundtable**

Water Testing – It was reported in the media there was lead detected in some schools;

- Mike confirmed that this was true but the lead detected was believed to be coming from the faucets (drinking fountains) or the sandering on the pipes not from the water source.
- There was an assessment done of high risk buildings in YG and the MAB was not identified as high risks. 22(1)(a)
- The MAB has 8 drinking fountains and to replace each fountain with a water filling station would cost \$25K per station.

Scott Turner is s. 25(1)
