22-123	Department of Community Services	Looking for a copy of the EMO flood zoom meeting that was held with Yukon residents that were directly affected by the 2021 Flood. Please see email message below to prove its existence. Thank you to everyone who attended Wednesday night's community meeting via zoom. I want to apologize for the "bot" interference that occurred at the start of question period, including the inappropriate language and images that followed. We appreciate everyone's patience during that time, and assure you that we will be taking steps to avoid that issue for future virtual meetings. For those who were unable to attend, while we did record the meeting, we are in the process of editing out those few minutes of interference as mentioned above. We hope to have it ready to share early next week. In the meantime, please contact us at 867-332-7084 or flooding@yukon.ca if you have any questions. A Yukon Housing survey for flood impacted property owners will be going out early next week, in order to assess the proper funding supports needed. We look forward to sharing more details of our recovery plan as soon as possible, including recommendations on berm maintenance and/or removal. Kind regards, Kevin Lyslo a/Director Community Services Protective Services Emergency Measures Organization Yukon.ca/Emergencies. 22-442	Department of Community Services	We seek a copy of the new "three-year Unit Crew Services Agreement" the Government of Yukon's Wildland Fire Management branch and Yukon First Nations Wildfire entered into. Under the agreement, funds provided by the Yukon government will support Yukon First Nations Wildfire to employ 20 additional youth each year to assist with the Yukon's wildland fire response operations, and conduct forest fuel reduction and prevention and mitigation activities that will create wildfire resilient Yukon communities. By working collaboratively to support the Yukon's prevention, mitigation, suppression and response to wildfires and other incidents, this new agreement serves as an example for other organizations who are working towards reconciliation with First Nations. "Yukon First Nations have been integral to wildfire management in the Yukon for many years and our government is pleased to continue to support and work with Yukon First Nations Wildfire through this new agreement. This agreement will contribute to youth development, reinforce the positive working relationship between the Yukon government and Yukon First Nations Wildfire and set the foundation for our work together over the next several years." - Minister of Community Services Richard Mostyn. 22-609	Department of Community Services	During the tender for Phase 7 Whistlebend, Norcope Ent Ltd was low bid. During the review process and preconstruction meeting no indication of cancelation was given, yet the department canceled the tender 72 days later after tender closing. Later on the next season CS retendered the same tender and implemented the FN bid reduction policy which now drastically harmed or effected our opportunity for Norcope to be able to fairly retender, we would like to know why??? There were no changes to the original tender other then costing tax payers \$6M more. Additionally earlier Phase 6 Whistlebend tender there has been constant friction ongoing with this project which seem to be internal which include YG staff working with our competition to sole source our work. Earlier in the project there was a considerable change in design and costing , the job was bid before covid issues came into effect. With all of these accounts this department did nothing to recognize the extra work and the time required since some of the subs just simply could not show so instead of carrying over the tender to finish the next year they canceled the contract. We like to know how this was any value to the tax payers and how they be able to just start discussions with another contractor months before the contract end date to take over our work??? E-mail parties request would include Christine Lambert, Laura Prentice, Richard Mostyn, Steve Bartsch, Ross Magee Request all e-mails between Phase 6 WB feb 14 2020 and Dec 13 2022 Phase 7 WB May 19 2021 and Dec 13 2022. 22-038	Department of Energy, Mines and Resources	Hello, I'm looking for results of any investigations into animal neglect associated to NAME. Specifically, I'm looking to see if any government investigations have been undertaken at all, to what degree, what the determination was and if any existing Yukon or federal legislation has been applied to the alleged neglect of horses owned or cared for by NAME, including whether or not any formal advisories/fines/warnings or other action has been issued. If these investigations are conducted including the use of a continuation report, with breakdown of officer findings and/or a listing of any applicable legislation sections I would be interested in this as well as any final determinations. If for some reason information related to a specific individual name cannot be released, I would like to request results by Yukon government officials into livestock/horse neglect allegations associated to: Personal_Info or any allegation of horse or livestock neglect at all in the territory during the time period specified. Without being completely sure of the government department structure I believe this information is likely to be held within the department of Energy, Mines and Resource / Agriculture Branch and/or animal health. The most recent event spurring this information request is known by government due to the complaints made to RCMP and the animal health unit (Animal Protection Officer). Timeframe: January 1, 2014 - January 18, 2022	2022-01-18	2022-03-03	Granted in Part
22-056	Department of Energy, Mines and Resources	Please provide a copy of all briefing notes to the Minister and Deputy Minister related to the negotiations with mining companies, including Newmont, to relinquish mining claims in the Peel watershed and the estimated value of the credit that mining companies earned in relief. 22-073	Department of Energy, Mines and Resources	This request is seeking information about the delayed release of developed (i.e. ready for market) residential lots within the City of Whitehorse. While an explanation for the delay from Fall 2021 until an unknown date in 2022 is being sought, there is a specific interest in anything that does, or may be perceived to, indicate that individuals or entities who could earn financial gains from limits to the supply of lots or housing, and/or advantages as a result of a later release date of those lots, have had any influence over decision-making. These individuals or entities may include, for example: - commercial builders/developers, - construction associations, - realtors, - real-estate investors, or - others. Records sought include, but are not limited to, email correspondence, meeting minutes, notes to file about conversations or telephone calls, and other documents containing information about planning, recommendations, or decision-making around the timing of lot lottery. Timeframe: January 1, 2020 - February 15, 2022	2022-02-15	2022-03-29	Granted in Part

22-086	Department of Energy, Mines and Resources	On February 28, 1989, Minister Maurice Byblow responded to a letter dated December 28, 1988 from NAME regarding concerns NAME raised about the Squatter Appeal Board's recommendation of life estate leases. I will provide a copy of the Minister's correspondence to NAME on request. I want to obtain the background casework information (e.g., briefing notes, internal memos, etc.) for the Minister's correspondence on this date, with particular attention to how the Minister is informed the terminology of "life estate leases", "life tenure", and "escarpment" that he uses in the correspondence. Timeframe: December 1, 1988 - March 31, 1989	2022-02-22	2022-03-17	Granted in Part
22-088	Department of Energy, Mines and Resources	Please provide the application for subdivision and approval of subdivision documents and correspondence (briefing notes, discussion papers, cabinet submissions, memos, letters, emails, etc.) for Squatter Policy application numbers 174 and 112. 22-098	Department of Energy, Mines and Resources	Please provide the most recent dates and general locations (e.g., civic address or location in relation to closest road intersection, etc.) of land that the department was prepared to enter into a life estate lease for with persons dwelling in the "Moderate Hazard" zone or the "High Hazard" zone of the Whitehorse escarpment, following the publication of, and as identified in, the "GEOHAZARD RISK STUDY WHITEHORSE ESCARPMENT" prepared for the City of Whitehorse by EBA Engineering Consultants Ltd. in October, 2002. Relevant information may be found beginning with the document prepared by Lands Branch on February 10, 2003 titled "ISSUE: NAME Squatter Application #112" in which it states under the heading "KEY OBJECTIVE", "Work towards NAME legitimizing his interests by entering into a 'life estate lease' at very minimal cost to himself. Same arrangements were concluded for 4 other sites on escarpment", as well as under the heading "SUGGESTED RESPONSE", "Throughout the legal proceedings, Legal Services Branch advised NAME a life estate lease will be granted if he complies with the terms of the Squatter Policy". Timeframe: October 1, 2002 - March 3, 2022	2022-03-03	2022-03-28	Granted in Full
22-103	Department of Energy, Mines and Resources	On March 19, 1965, Privy Council Order 1965-496 transferred the "management, charge and direction" of "Lot 467, Group 804, Yukon Territory" from the "Department of Transport to the Department of Northern Affairs and National Resources". Please provide any records of the departments of the Government of Canada this land was reserved for during the period specified, and any records of transfers between or out of Government of Canada departments. (Previous communication with Land Management Branch staff (Jan/Feb 2022) stated they are now the caretaker of pre-devolution records such as these.) A digital copy of P.C. Order 1965-496 can be accessed by contacting the Law Library. Thank you! Timeframe: March 1, 1965 - March 1, 1971	2022-03-08	2022-03-29	Granted in Full
22-107	Department of Energy, Mines and Resources	After every Yukon Government lottery (Yukon government lottery for residential land and commercial sites/lots), the government publishes the names of the winners, and which lot they won. I would like to request those lists (the name of the winners) for every lottery since January 2012. January 1, 2012 - March 15, 2022	2022-03-15	2022-03-29	Granted in Full
22-113	Department of Energy, Mines and Resources	On or about August/September 1998, the Member of Parliament for Yukon, Louise Hardy, in correspondence with a constituent, stated she received a briefing note document from the Lands Branch entitled "Issue: Why property exchanges were not considered when squatter occupants on the escarpment were offered life estate leases". I will provide a copy of the briefing note document (and accompanying correspondence) on request, in which it states, "An inherent part of a life estate lease is the provision that the lease is in effect for a term of thirty years or until the death of the lessee. This provision allows the lessee to protect their interest in the site until death upon which the estate or administrator of the estate is required to deliver the land in a state satisfactory to the lessor." Please provide the information and correspondence (background casework, briefing notes, discussion papers, cabinet submissions, memos, letters, emails, etc.) about and related to both the original briefing note document cited here, as well to the query from Ms. Hardy. Thank you! Timeframe: August 1, 1987 - October 2, 2021	2022-03-24	2022-04-06	Granted in Part

22-116	Department of Energy, Mines and Resources	Looking for any information shared within these two departments related to the disappearance of NAME from her property near Pelly Crossing in summer 2019, including mention of the search effort and the departmental resources involved. I know conservation officers, EMR staff, and natural-resources officers were involved in the search. Timeframe: May 27, 2019 - July 15, 2019	2022-03-25	2022-04-06	Granted in Part
22-118	Department of Energy, Mines and Resources	In ATIPP request #22-086, Minister Byblow stated in his letter dated February 28, 1989, that "The decision to provide life tenure, however, was felt to be in the best interest of the applicants and gave recognition of past occupancy while allowing for the eventual reversion back to a non-occupancy area in accordance with the zone". Please provide a list of the applicants (i.e., squatter applicants) identified by name and/or applicant number to whom the Minister is referring, in the zone (i.e., escarpment hazard zone) he references. Please also indicate which of those applicants subsequently entered into an agreement pursuant to the "Squatter Policy in Yukon", which reads that the "Lands Branch will offer an Agreement for Sale or lease in accordance with the decision made by the Minister responsible" (Section 10). Thank you! Timeframe: August 1, 1987 - December 31, 1996	2022-03-25	2022-03-29	Granted in Full
22-124	Department of Energy, Mines and Resources	After the last day that a person can enter a land lottery, lottery tickets are drawn randomly from a lottery draw barrel. Tickets are drawn until all lots are allocated with additional tickets drawn to form a substantial draw list. I am requesting the draw list for every land lottery that took place from January 1, 2011 to March 30, 2022. There are no privacy issues here, since these draw lists are published by the Lands Branch after every lottery. In fact, another draw list will be published next week (Tuesday I believe). This is for research purposes. Thank you! Timeframe: January 1, 2011 - March 30, 2022	2022-03-30	2022-04-05	Granted in Part

22-156	Department of Energy, Mines and Resources	Please provide the following emails and attached documents, identified in email correspondence with Lyle Henderson: 1. Those where the subject line contains the term "Land Terms Glossary", from May 2006; 2. Those where the subject line contains the term "Common Terms used in Lands Transactions", from April 2008; and, 3. Those where the subject line contains the term "Unauthorized Occupation and Land Use" or "UO and Land Use", from June 2013, and June and July, 2014. Only one copy of documents that are identical is required. Further, if there are more current versions of these documents in use by the Department which are different from the above versions, please also provide these most current versions. Thank you!	2022-04-26	2022-06-06	Granted in Part

22-171	Department of Energy, Mines and Resources	We are conducting a study of how freedom of information requests are processed across the country. To that end, we are requesting information relating to how these requests are dealt with by your office. Please provide us with an electronic (that is, machine-readable) record of all requests received between January 1, 2021 and end of day December 31, 2021, whether completed or not. Please include fields containing the following information: request number, request summary, type of requester (academic, media, etc.), whether the request is sensitive or contentious, date received, date request completed, disclosure decision, reason for time extension, extension duration in days, exemptions applied, whether it was subject to an appeal, and number of pages disclosed. We recognize your system may not capture all of these fields. If that's the case, please give us the fields you do have. Please provide in an electronic format such as Excel or delimited text (e.g. CSV). Do not provide PDF or image files. 22-189	Department of Energy, Mines and Resources	On July 6, 1988, Squatter Applicant #174 was approved for a life estate lease by the Minister for a site in Downtown Whitehorse near the escarpment (Minister McDonald - ATIPP 22-096). The Yukon Government previously described life estate leases as "life tenure", "that a 60 year lease is sufficient" (Minister Byblow, February 28, 1989 & T. Simonson, Lands Branch - February 13, 1989, respectively - ATIPP 22-086), and one that "allows the lessee to protect their interest in the site until death" (Land Disposition Section, July 29, 1998 - ATIPP 22-113). Despite the approval, despite previous descriptions, despite being still alive, and despite the definition of "life estate" being self-evident, on August 9, 2021, Squatter Applicant #174 was informed by the Yukon Government that he was prohibited from continuing to lease the site beyond September 30, 2021. The Yukon Government subsequently filed a lawsuit against both Squatter Applicant #174 and his subtenant on October 13, 2021, alleging trespassing, demanding vacant possession, and seeking further remedy in the form of financial penalties. Please disclose whether any legal opinions regarding life estates or life estate leases exist, and provide the text of any opinion. This is information without which both Squatter Applicant #174 and _ are at risk of significant harm in the form of, but not limited to, financial loss, property loss, and reputational damage consistent with Section 83 of the Access to Information and Protection of Privacy Act. 21-467	Department of Environment	<p>Hi there, I am looking for a report completed by from Boreal Logic for the Yukon Government. "YG Environment Yukon wants to review whether the human-wildlife conflict (HWC) mitigations recommended by Environment Yukon and the Yukon Environmental Socio-economic Assessment Board (YESAB) and mandated operating conditions by regulators are effective at reducing conflicts with wildlife, especially bears. Some miners have raised questions and concerns about the mandated mitigations. Environment Yukon recognizes that it is necessary to review the current regulations to ensure that they are accessible, fair and effective at reducing the number of bears that are destroyed and the time and effort that miners have to spend dealing with conflicts on their claims. Obtaining feedback from placer and quartz miners in Yukon is vital to this review process."</p>	2021-12-10	2022-01-26	Granted in Part

22-381	Department of Environment	I am at a point where it would be useful for me to know what the actual expenditures are (to date) on the sheep and goat Control Order 2018-001. Start date of April 1, 2018 (entire fiscal years from 2018/19 to Period 3 2022). This will be shared costs between the two departments, environment (animal health unit) and EMR (agriculture branch)? I don't know how they have it sorted, whether it is by object code or by ref 4 fields. I am looking for the lab testing fees for all import testing as well as annual testing. I would also like to see the compensation paid to those animal owners who have had orders to destroy issued. There are payroll costs that should be included as well, for the control order veterinarians. Whatever can be provided without impacting the privacy of the two veterinarians. If this information could include the reference fields where appropriate, while still protecting individual privacy rules, I assume names can be redacted? I was also wondering if it's possible to see correspondence related to the decision to implement the orders to destroy from the chief veterinary officer Timeframe: April 1, 2018 - June 30, 2022	2022-08-04	2022-09-16	Granted in Part

21-398	Department of Health and Social Services	I am the applicant for Request ^{Personal_info} that was abandoned but wish to proceed with the request and pay the deposit. I represent the Yukon Medical Association. I am requesting all signed contracts between the Government and the physicians with whom the Governemnt has entered into a contractual relationship of a full time or regular part time basis in the Yukon from 2018 to 2021but not those physicians who provide locum or other irregular specialty services in the Yukon from 2018 to 2021. This request is for the purpose of assisting the Yukon Medical Association in the opertaion and management of its internal and external relationships. To clarify: Physician is to include any physician who is registered with the Yukon College of Physicians who provide services on a contractual basis and not a fee for service basis. Additionally, I request physician contracts for those on locums if those physicians offer services on a regular and repeated basis. Moreover, irregular service means not a full tiome service and not necessarily scheduled on a regular basis- thus, physicians may provide a weekly, monthly, semi-monthly, or some other basis and is not a resident in the Yukon. 21-447	Department of Health and Social Services	As Pfizer recently released data to the FDA regarding their mRNA vaccines showing tens of thousands of serious adverse health effects after a single dose as well as second doses (including 1200+ instances that were lethal): What peer-reviewed science and/or long-term independently verified data (1, 2, 3, 5, 10 years) was used by the Yukon to determine that Pfizer's mRNA vaccine is safe at any dosage level for those under the age of 18 - for all ages and weight variations of those in the youth targeted age group? Or is it the official position of the Yukon government and/or Yukon's Health Department/Chief Medical Officer(s) to vaccinate everyone and inadvertently come across serious adverse health effects sometime in the indeterminate future? 21-448	Department of Health and Social Services	Freedom of association restrictions should be based on sound science rather than a biased personal perception or irrational fear by individuals or groups of individuals in the health department. Please cite the independently validated scientific evidence (preferably peer-reviewed papers) used to institute the latest covid emergency act regarding these specific restrictions: Asymptomatic spread is a concern, restricting the unvaccinated and partially vaccinated from sharing the interior of a restaurant with fully vaccinated customer, will demonstrably reduce asymptomatic transmission when the fully vaccinated customers (or staff) may be asymptomatic super spreaders. Restricting vaccinated customers from going to another table at an eating establishment is an intolerable, demonstrable risk for asymptomatic transmission (fines/jail?) and serving staff going from table to table throughout the entire restaurant is a demonstrably acceptable/lower risk of asymptomatic transmission. Mandating restaurant guests to wear a facemask while being escorted for the 10-30 second trek to their table by restaurant staff is a demonstrably unacceptable risk for asymptomatic transmission when the restaurant staff will personally visit and cater to the same customers (and other multiple guests at multiple tables) throughout their 30-45+ minute dining experience is a demonstrably acceptable/lower risk of asymptomatic transmission. 21-449	Department of Health and Social Services	Common colds are among the most common illnesses. Many different viruses (common colds are caused by various rhinoviruses, coronaviruses, adenoviruses) have no vaccine. What's the prior scientific validation (longterm clinical trials, and peer-reviewed, replicated studies) of using and/or mandating experimental mRNA vaccines for a virus that's never had a successful vaccine to combat any mutating coronaviruses causing any respiratory illness or disease? 21-455	Department of Health and Social Services	YTG/Department of Health administered mRNA vaccine from Moderna since the start of the vaccine rollout about a year ago. It's common knowledge that there can be serious, life threatening and even fatal adverse reactions to all covid mRNA vaccines. My understanding it that adverse health effects are noticeably higher in 2nd doses vs 1st doses. Logic would dictate that risk of adverse health effects would only increase with subsequent doses. What concerns with the Moderna mRNA vaccine caused the YTG/Department of Health to switch to the mRNA vaccine from Pfizer for vaccinating those under 18 years of age. Does the Department of Health have any data that demonstrates the adverse health effects evidenced from use of Moderna's mRNA vaccines in children will not affect any of the older groups with the implementation of mRNA boosters/doses? 21-456	Department of Health and Social Services	Heart inflammation is a known risk from mRNA vaccines European Medicines Agency (BBC report) https://www.bbc.com/news/health-57781637 "The link with heart inflammation was found only in the vaccines that rely on mRNA technology to train the immune system. There was no link found for vaccines such as Oxford-AstraZeneca or Janssen, which use a genetically modified virus. However, the EMA has advised anyone with a history of capillary leak syndrome should not be given the Janssen vaccine. This is a rare but serious syndrome in which fluid leaks from blood vessels in the body." What data does YTG/Department of Health have that demonstrates merely switching between mRNA vaccines for those under 18 years of age, will not have the same or increased risk of heart inflammation (also stroke, blood clots, partial paralysis) as the other mRNA vaccine? What steps is YTG/Department of Health implementating to eliminate these known risks - especially for children that are the lowest risk for serious effects from covid? 21-469	Department of Health and Social Services	YTG acknowledges that covid vaccines do not prevent infection. YTG acknowledges that covid vaccines do not prevent transmission. YTG acknowledges that the covid vaccine efficacy wanes in a few months. YTG acknowledges that boosters are being used to prop up falling antibodies in the vaccinated without any mid- to long-term data on adverse effects of the vaccines. Those under 19 years of age compromise 0.0043% of covid related deaths while comprising of 20.7% of the covid cases. ¹ (Those 50 and older represent 97.4% of covid related deaths) ¹ https://health-infobase.canada.ca/covid-19/epidemiological-summary-covid-19-cases.html Children are unique relative to COVID-19. They have negligible risks of serious effects from the disease. Given that the COVID-19 vaccines were only tested for a few months, and mid-or long-term adverse effects are unknown, any mid- or long-term adverse events that emerge could impact children adversely for decades. What is the prior scientific basis for the decision by YTG, Department of Health and Social Services, Chief Medical Officers to recommend and implement a mass vaccination program of those with negligible risk (under 19 age group) with an experimental therapy that has not been in use long enough to accumulate any data to determine mid- or long-term risks of the covid vaccines when adverse effects may not be known for decades? Please include any changes or references to the department's business continuity plan (BCP) in this request. Timeframe: November 30, 2021 - December 7, 2021	2021-12-08	2022-01-17	Granted in Part
21-466	Department of Justice	I would like to request copies of all inspection reports and inspection schedules relating to bars and restaurants in the Yukon. Any correspondence naming specific bars as well. Context and comments can be redacted. Specifically want to know what bars have been inspected, and when they were inspected. Would also like a list of all locations that have not been inspected during the time outlined. Timeframe: November 13, 2021 - December 9, 2021 ADDITIONAL INFORMATION: I am specifically looking for CEMA related inspections for compliance with the rules and regulations imposed on bars and restaurants under CEMA. I want to know how many have been completed by establishment as well as when they were completed.	2021-12-10	2022-01-17	Granted in Part
22-001	Department of Justice	This request seeks any available statistics with respect to individuals in the Yukon who possess Qatari citizenship or are of Qatari origin, and who are charged with, or currently serving a sentence under the Criminal Code. The requestor asks that the statistics be current to the date that this request is processed. This includes but is not limited to the number of individuals, the jurisdiction in which they have been charged, or the institution in which they are currently serving their sentence. 22-009	Department of Justice	Information requested: I am requesting copies/records from all the departments and corporations listed with this application. The request is for the most recent, final versions at the end of the legislative session of individual ministerial briefing binders or briefing notes prepared for government ministers during the 2021 Fall Legislative Sitting. Timeframe: October 28, 2021 – December 3, 2021	2022-01-06	2022-02-23	Granted in Part
22-025	Department of Justice	Greetings, I would like to see the total money the Yukon Government spent on outside legal services, being those rendered by law firms or other legal bodies not directly employed or controlled by the Yukon Government, In the three-year period from the beginning of 2015 to the end of 2018. I would like to see the totals itemized by firm or organization it is paid to each year as well as by the case, litigation or other purpose it was paid out for. I assume that this is tracked in this way because the government tabled similar statistics in the legislature for the years 2019 to 2021. If the Department of Justice budgets or maintains a reserve or other fund for the hiring of outside legal assistance I would like to see those totals at year end for the years 2015 to 2021 as well. Timeframe: January 1, 2015 - December 31, 2021	2022-01-10	2022-02-17	Granted in Full
22-048	Department of Justice	I'm looking for the following information regarding contract C00036200: 1. The full text of the contract, as well as any appendices, schedules, addenda, etc 2. The reason for this contract being direct awarded as opposed to being sent out for tender 3. Whether the services previously provided under this contract (email hosting for YHRPA) are now being provided under a new contract, as I cannot find one. Timeframe: July 1, 2016 - January 25, 2022	2022-01-26	2022-02-18	Granted in Full
22-055	Department of Justice	I am looking for data collected on the number of individuals who have spent (at least) one night in a cell at the Whitehorse Correctional Centre with no charge. This would include any records (documents either archived or living, in rounds notes or in correspondence between Corrections Officers, the department or other government employees) from the Department of Justice or directly from the Whitehorse Correctional Facility which lists this data and/or notes on why the individual was brought to the WCC to stay overnight with no charge. Timeframe January 1, 2020 to January 1, 2022 ADDITIONAL INFORMATION: I would be looking for the number of RCMP Prisoners in the APU who were arrested without a warrant for breaches of the Liquor Act, and then released provided there are no charges pending. I am not seeking any personal or identifying information, just a total number of individuals who fit the above description within the timeline of the ATIPP.	2022-02-03	2022-02-23	Granted in Full

22-059	Department of Justice	<p>Any and ALL communications and/or correspondence including emails, letters, post-it notes, meeting requests, phone messages, etc. between (to and from) Mr. Ian H. Fraser and: 1) NAME of TDS LLP (Thompson, Dorfman and Sweatman) of Winnipeg, Manitoba 2) Kurt Dieckmann, President of Yukon Workers' Compensation Health and Safety Board 3) Kathleen Avery, Legal Counsel for Yukon Workers' Compensation Health and Safety Board. Timeframe: January 1, 2018 - December 31, 2019</p> <p>ADDITIONAL INFORMATION:</p> <p>Question from Applicant: I'm hoping since I have not yet received the activation email yet for my request to the Dept of Justice, I wondered if it was possible to request the records from two separate email accounts for the person named in the request; Mr. Ian H. Fraser. He has two email accounts that I am aware of: one is Ian.Fraser and the other is I.H.Fraser. I'd like to be sure to capture both.... I do believe the I.H.Fraser account is the one most used.</p> <p>Response from Department: There is no difference in what the two apparent email accounts would be. It's merely the display of the same Outlook account. The request does not change with this additional information in it. The request was for "Any and ALL communications and/or correspondence..." to or from the named Legal Services Branch Legal Counsel. It will include emails, regardless of their apparent email address from/to the named Legal Counsel individual. Hope this helps.</p>	2022-02-07	2022-03-25	Granted in Part
22-066	Department of Justice	<p>How many officers are working under CEMA? What training or qualifications do they have? How much has the gov spent on all contracts, wages and salaries involved in CEMA? Thanks Timeframe March 11, 2020 to February 3, 2022. ADDITIONAL INFORMATION: Does the applicant want the current number of CEMA officers or the total number since March 2020? ANSWER: Total numbers. Total hired. Total paid. Total in training. Total money to run the whole CEMA operation.</p>	2022-02-14	2022-03-21	Granted in Full

22-636	Yukon Worker's Compensation Health and Safety Board	<p>I am working on a research project on work related diving incidents. I would like to get the following information:</p> <p>1. Was the following incident work related? CBC News · Posted: Feb 26, 2001 2:51 AM NST Last Updated: February 26, 2001 A scuba diver from Dawson City missing since Thursday is presumed drowned. Police say 31-year-old Antoine Deschenes descended alone through a hole cut in the ice on the Yukon River Thursday evening, about 1.5 kilometres north of Dawson. Sergeant Steve Gleboff says the man was fully equipped with scuba diving gear. He says Deschenes was down about an hour. Witnesses were not able to pull him back to the surface and called police. Two R.C.M.P. underwater divers spent Thursday night trying to get to the man, but couldn't because of the ice and slush conditions. Gleboff says they used an underwater camera and other instruments but they weren't able to retrieve the body. Timeframe: February 22, 2001 - December 31, 2002</p> <p>2. Number of work related diving incidents for the time frame 1992-2022 and information relating to contributing factors, e.g. initial investigation report, site visit notes ect.</p>	2023-01-13	2023-01-23	No Record Found
