MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of the Yukon Liquor Corporation is responsible for establishing and maintaining a system of books, records, internal controls and management practices designed to provide reasonable assurance that reliable financial information is produced; the assets of the Corporation are safeguarded and controlled; the transactions of the Corporation are in accordance with the relevant legislation, regulations and by-laws of the Corporation; the resources of the Corporation are managed efficiently and economically; and the operations of the Corporation are carried out effectively.

Management is also responsible for the integrity and objectivity of the financial statements of the Corporation. The accompanying financial statements as at March 31, 2012, March 31, 2011 and April 1, 2010 include amounts based on management's best estimates as determined through experience and judgment, are prepared in accordance with International Financial Reporting Standards. Other financial information included in the Annual Report is consistent with these financial statements.

These financial statements have been independently audited by the Corporation's external auditor, the Auditor General of Canada, and the audit report is included in this report.

INDEPENDENT AUDITOR'S REPORT

To the Minister responsible for the Yukon Liquor Corporation

Report on the Financial Statements

I have audited the accompanying financial statements of Yukon Liquor Corporation, which comprise the balance sheets as at 31 March 2012, 31 March 2011 and 1 April 2010, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years ended 31 March 2012 and 31 March 2011, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained in my audits is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Yukon Liquor Corporation as at 31 March 2012, 31 March 2011 and 1 April 2010, and its financial performance and its cash flows for the years ended 31 March 2012 and 31 March 2011 in accordance with International Financial Reporting Standards.

Report on Other Legal and Regulatory Requirements

As required by the *Liquor Act*, I report that, in my opinion, the accounting principles in International Financial Reporting Standards have been applied after giving retrospective effect to the adoption of the new standards as explained in Note 13 to the financial statements, on a basis consistent with that of the preceding year.

Further, in my opinion, proper books of account have been kept by Yukon Liquor Corporation and the financial statements are in agreement therewith. In addition, the transactions of Yukon Liquor Corporation that have come to my notice during my audits of the financial statements have, in all significant respects, been in accordance with the *Financial Administration Act* of Yukon and regulations, the *Liquor Act* and regulations, the *Liquor Tax Act* and regulations and the by-laws of Yukon Liquor Corporation.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

1. Authority and operations

Yukon Liquor Corporation (the Corporation) was established in 1977 under the *Liquor Act* by the Government of Yukon in Canada. It is not a "corporation" under the *Business Corporations Act*, but a government entity and is significantly influenced by the Yukon Government. As a government entity, the Corporation is exempt from income taxes under Section 149(1)(d) of the Canadian Income Tax Act.

The Corporation is responsible for the purchase, distribution and sale of liquor within the Yukon, controlling the sale of liquor through licensed outlets and enforcing all matters related to the *Liquor Act*. The Corporation operates a central warehouse and distribution centre in Whitehorse and six liquor stores. The rural liquor stores also provide specific government services on behalf of the Government of Yukon.

In accordance with the *Liquor Act*, the profit for the year, before depreciation, less amounts expended on property, plant and equipment, is remitted to the Government of Yukon on a monthly basis.

The Corporation is required by the *Liquor Tax Act* to collect liquor taxes on behalf of the Government of Yukon and to remit these taxes on a monthly basis. The current rate is 12% (2011 - 12%; 2010 - 12%) and is applied to all selling prices.

In accordance with the provisions of the *Beverage Container Regulations* under the *Environment Act*, the Corporation collects various beverage container deposits and recycling surcharges on the sale of its products. These amounts are remitted to the Recycling Fund on a monthly basis after deducting deposit refunds paid and fees earned under the program.

The Corporation's registered office is 9031 Quartz Road, Whitehorse, Yukon, Canada Y1A 4P9.

2. Basis of presentation and first time adoption of International Financial Reporting Standards (IFRS)

These financial statements of the Corporation are prepared in accordance with International Financial Reporting Standards (IFRS). The date of transition to IFRS is April 1, 2010. The statements have been prepared using the historical cost conversion.

The Corporation's IFRS accounting policies are presented in Note 3 and have been applied in preparing the financial statements for the year ended March 31, 2012, the comparative information and the opening balance sheet at the date of transition.

The Corporation applied IFRS 1 - *First-time Adoption of International Financial Reporting Standards* in preparing these first IFRS financial statements. The effects of the transition to IFRS on comprehensive income, cash flows and equity are presented in Note 13.

IFRS 1 - *First-time Adoption of International Financial Reporting Standards*, which governs the first-time adoption of IFRS, in general requires accounting policies to be applied retrospectively to determine the opening balance sheet at the Corporation's transition date of April 1, 2010, and allows certain exemptions on the transition to IFRS. The Corporation has not applied any elections available under this standard.

New standards that are not yet effective, and have not been early adopted

For the fiscal years beginning after January 1, 2013 the Corporation will have to apply new accounting standards issued by the International Accounting Standards Board ("IASB").

IFRS 9 *Financial Instruments* was amended to provide guidance for classification and reclassification of financial liabilities. Management does not anticipate a significant impact to the financial statements.

IFRS 13 *Fair Value Measurements* sets out in a single standard a framework for measuring fair value and requires disclosures. Management does not anticipate a significant impact to the financial statements.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

IAS 1 *Presentation of Financial Statements* require additional disclosures to be made in the other comprehensive income section. Management does not anticipate a significant impact to the financial statements.

IAS 19 *Employee Benefits* improves the disclosure requirements concerning the characteristics of defined benefit plans. Management does not anticipate a significant impact to the financial statements.

3. Significant accounting policies

These financial statements have been prepared in accordance with IFRS. The significant accounting policies are as follows:

Inventories

Inventories are comprised of alcoholic beverages for resale and are valued at the lower of cost and net realizable value. Inventory costs are determined on a first-in, first-out basis. Cost is comprised of supplier-invoiced value and freight. Net realizable value represents the estimated selling price for inventories less the cost to sell.

Revenue recognition

Reported revenue represents the fair value of consideration received or receivable in exchange for goods and services provided to third parties. Revenue is recognized when the risks and rewards of ownership are substantially transferred. The reported revenue is presented net of price discounts and promotional discounts. The revenue also does not include container recycling fees which are immediately remitted to suppliers.

Financial instruments

The Corporation's financial instruments consist of Cash, Accounts receivable, Accounts payable and accrued liabilities, and Due to the Government of Yukon. Accounts payable and accrued liabilities and due to the Government of Yukon are due on demand and are non-interest bearing. The carrying amounts of each approximate fair values because of their short term to maturity. These financial instruments are accounted for as follows:

Loans and receivables

The Corporation has classified the following financial asset as loans and receivables: Accounts receivable. This instrument is initially recognized at its fair value. Fair value is approximated by the instrument's initial cost in a transaction between unrelated parties. Loans and receivables are subsequently measured at their amortized cost, using the effective interest method. Gains and losses arising from changes in fair value are recognized in profit or loss when the loan or receivable is settled or upon impairment.

Other financial liabilities

The Corporation has classified the following financial liabilities as other financial liabilities: Accounts payable and accrued liabilities and Due to the Government of Yukon. These instruments are initially recognized at their fair value. Fair value is approximated by the instrument's initial cost in a transaction between unrelated parties. Other financial liabilities are subsequently measured at their amortized cost, using the effective interest method.

Property, plant and equipment

Property, plant and equipment owned by the Corporation are recorded at cost. Only assets that meet the minimum threshold limit are capitalized on the balance sheet. Depreciation is calculated on a straight-line basis and is based on the estimated useful lives of the assets as follows:

YUKON LIQUOR CORPORATION
 NOTES TO THE FINANCIAL STATEMENTS
 for the year ended March 31, 2012

<u>Classification</u>	<u>Estimated Useful Life</u>
Land	Indefinite
Buildings	20 years
Furniture and office equipment	5 years
Operating equipment	5 years
Heavy equipment	15 years
Systems development	5 years
Systems equipment	5 years
Leasehold improvements	remaining term of lease

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized within 'Other Income - Miscellaneous' in the statement of comprehensive income.

Impairment of assets

Assets that are subject to depreciation are reviewed at each balance sheet date to determine whether there is any indication that assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent, if any, of the impairment loss. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units), which are based on the Corporation's individual stores basis.

Non-financial assets that suffered an impairment loss are reviewed for possible reversal of the impairment at each reporting date. An impairment loss is reversed if there is an indication that there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognized. This reversal would be recognized immediately in the statement of comprehensive income.

Employee benefits

Non-pension benefits

Under their conditions of employment, employees may qualify for and earn employment benefits for vacation, sick, compensatory and personal leave, travel bonus, and severance benefits. The benefit obligation is determined on an actuarial basis. The costs of these benefits are accrued as employees render the services required to earn them. The obligations for vacation leave, sick leave, and severance benefits are calculated using the projected benefit method pro-rated on service. The remainder are calculated assuming all employees would receive the benefits on the valuation date. Actuarial gains and losses are recognized immediately in other comprehensive income. Extended health care and insurance plan employee future benefit liabilities are paid by and accrued in the consolidated financial statements of the Government of Yukon.

Pension benefits

Substantially all of the employees of the Corporation are covered by the public service pension plan (the "Plan"), a contributory defined benefit plan established through legislation and sponsored by the Government of Canada. Contributions are required by both the employees and the Corporation to cover current service cost. Pursuant to legislation currently in place, the Corporation has no legal or constructive obligation to pay further contributions with respect to any past service or funding deficiencies of the Plan. Consequently, contributions are recognized as an expense in the year when employees have rendered service and represent the total pension obligation of the Corporation.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

Leases

The Corporation assesses all leases to determine their classification. Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are treated as operating leases.

Use of estimates

The preparation of financial statements in accordance with IFRS requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used when accounting for matters such as depreciation based on management's estimate of the useful lives of property and equipment, and the non-pension benefit liability based on the actuary's valuation. Actual results could differ materially from these estimates. The estimates at April 1, 2010 and at March 31, 2011 are consistent with those made for the same dates in accordance with pre-changeover Canadian GAAP.

4. Financial instruments

Risk management

The Corporation, through its financial assets and liabilities, is exposed to the following risks from its use of financial instruments: credit risk, and liquidity risk. The Corporation manages these risk exposures on an ongoing basis. The Corporation has no significant exposure to interest rate risk and foreign exchange risk. The Corporation is not party to any derivative financial instruments.

Credit risk

Credit risk on financial instruments arises from the possibility that the issuer of a financial instrument fails to meet its obligation.

The carrying amount of Cash and Accounts receivable represents the maximum credit risk exposure.

The Corporation's Accounts receivable has a carrying value of \$75,000 as of March 31, 2012 (2011 - \$109,000; 2010 - \$124,000). There is no concentration of accounts receivable with any one customer. As at March 31, 2012, approximately 6.5% (2011 - 17.2%; 2010 - 0.1%) of Accounts receivable were over 90 days past due, whereas 93.5% (2011 - 82.8%; 2010 - 99.9%) were current or less than 90 days past due. Historically, the Corporation has not incurred any significant losses with respect to bad debts. The Corporation's allowance for doubtful accounts is nil at March 31, 2012 (2011 - nil; 2010 - nil).

The risk on cash is minimized as these assets are held with a Canadian chartered bank.

Liquidity risk

Liquidity risk is the risk that the Corporation will not be able to meet its financial obligations as they become due. The Corporation's objective is to have sufficient liquidity to meet these liabilities when due. The Corporation monitors its cash balances and cash flows generated from operations to meet its requirements by regularly checking bank balances and accounts payable reports.

The carrying amount of Accounts payable and accrued liabilities and Due to the Government of Yukon represents the maximum exposure to liquidity risk.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

The Corporation does not have long-term financial liabilities. The Corporation's Accounts payable and accrued liabilities had a carrying value of \$1,778,000 as at March 31, 2012 (2011 – \$2,397,000; 2010 - \$3,307,000). As at March 31, 2012, approximately 0.4% (2011 – 5.8%; 2010 - 4.9%) of Accounts payable were over 90 days past due, whereas 99.6% (2011 – 94.2%; 2010 - 95.1%) were current or less than 90 days past due. Due to the Government of Yukon had a carrying value of \$ 1,674,000 as of March 31, 2012 (2011 - \$2,055,000; 2010 - \$1,943,000).

7. Equity

This amount represents the sum of the net book value of property, plant and equipment purchased by the Corporation after March 31, 1990, of which \$813,000 (2011 - \$994,000; 2010 - \$1,326,000) was purchased prior to remitting funds to the Government of Yukon. The annual change in equity represents additions and disposals of property, plant and equipment less depreciation expense for the year.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

8. Capital management

The Corporation manages its capital in order to purchase a range of liquor products and make them available to consumers, and to regulate the sale and consumption of liquor products, while optimizing the net proceeds to the Government of Yukon realized from the sale and control of liquor.

The Corporation defines capital as net assets. It is subject to the financial management and accountability provisions of the *Financial Administration Act of Yukon*, the *Corporate Governance Act*, and the *Liquor Act*, which specifies that net assets of the Corporation are the property of the Government of Yukon.

The Corporation manages its net assets through its five year capital plan and as a by-product of managing revenues, expenses, assets, liabilities and general financial dealings to ensure that its objectives are achieved efficiently. The five year capital plan and revenue projections are approved annually by the Management Board of the Government of Yukon. The Corporation is required to provide regular variance reporting to the Government of Yukon to ensure that the Corporation effectively achieves its objectives whilst remaining a going concern.

The Corporation is not subject to external capital requirements. There has been no change to its capital management during the year.

(c) **Shared services costs**

The Corporation is part of a shared services arrangement with Yukon Housing Corporation which consolidates functions such as the President's office, finance, systems and administration, policy and communications and human resources services. The amount charged by the Yukon Housing Corporation to the Corporation for shared services for the year was \$975,000 (2011 - \$914,000).

These transactions are in the normal course of operations and are measured at the fair value amount, which is the amount of consideration established and agreed to by the related parties. The amounts payable by the Corporation at year-end totalling \$225,000 (2011 - \$914,000; 2010 - \$991,000) are included in Accounts payable and accrued liabilities.

(d) **Other transactions**

The Government of Yukon provides services to the Corporation free of charge and vice versa. These amounts are not recorded in the financial statements of the Corporation. These services include rent-free occupation of several government buildings by the Corporation with an estimated value of \$497,265 (2011 - \$585,702) and provision of Territorial Agent services in rural communities with liquor store, to the Government of Yukon with an estimated rental value of \$611,107 (2011 - \$555,345).

The employees of the Corporation are paid by the Government of Yukon. The Corporation reimburses the Government on a monthly basis for salaries and benefit expenses paid.

(e) **Key management compensation**

The following members of the Corporation's staff are considered to be the key management personnel: Vice-President, Director - Retail Sales and Territorial Agent Services, Manager - Facilities, Records & Program Support, Director - Purchasing and Distribution; and Director - Licensing and Social Responsibility. The following shared services staff (see note 9(c)) are considered to be key management personnel and their compensation is disclosed proportionately: President, and Director, Finance, Systems and Admin.

Pension plan

Substantially all of the employees of the Corporation are covered by the public service pension plan (the "Plan"), a contributory defined benefit plan established through legislation and sponsored by the Government of Canada. Contributions are required by both the employees and the Corporation. The President of the Treasury Board of Canada sets the required employer contributions based on a multiple of the employees' required contribution. The general contribution effective at year end was \$1.74 for every dollar contributed by the employee (\$1.86 for the prior year). Total contributions of \$528,000 (\$547,000 in prior year) were recognized as expense in the current year.

The Government of Canada holds a statutory obligation for the payment of benefits relating to the Plan. Pension benefits generally accrue up to a maximum period of 35 years at an annual rate of 2 percent of pensionable service times the average of the best five consecutive years of earnings. The benefits are coordinated with Canada/Québec Pension Plan benefits and they are indexed to inflation.

YUKON LIQUOR CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2012

Non-pension benefits

The Corporation provides non-pension benefits to its employees based on years of service and final salary. This benefit plan is not pre-funded and thus has no assets, resulting in a plan deficit equal to the accrued benefit obligation.

The results measured at March 31 are summarized as follows:

	2012	2011
