Note: Data was generated in October 2019 from PROS (Police Reporting and Occurrence System) Occurrence Information - All Violations Reports. These reports identify all offences contained within each occurrence, i.e. one call for service may generate more than one offence (example: an Assault complaint can also generate a Fail to Comply with Probation Order charge).

⁽¹⁾ Actual offences are the total reported offences minus all Unfounded offences. "Unfounded" means that police completed an investigation and have established that an offence did not happen or was not attempted.

⁽²⁾ Impaired Driving information includes both impaired operation and impaired care or control offences whether the impairment is a result of alcohol and/or drug use. With the recent implementation of Bill 46 it will be difficult to forecast impaired driving trends accurately until we have more than one year of accumulated data.
